

## **Pupil Premium Statement 2015-2016**

2015-2016 49 pupils receive Pupil Premium funding (£65840)

Current Y6- 16 pupils

Current Y5- 14 pupils

Current Y4- 12 pupils

Current Y3- 7 pupils

Funding will be used to:

**Provide RWInc intervention with targeted TSA support:** STA post part funded to provide Fresh Start and IDL interventions to pupils initially in Y5 and Y6 whose reading age is below chronological age. This programme will be rolled out to Y3 and Y4 pupils in the Summer Term 2016.

**Provide attendance, behaviour and nurture support to targeted PP pupils:** Senior Learning Mentor post part funded to ensure all pupils have at least 95% attendance. SLM will work with pupils and families to closely monitor attendance, provide support strategies where necessary, liaise with the LA Inclusion Officer and reward improved attendance. Individual support plans are in place for those pupils whose attendance is below 90%.

**Provide 1-2-1 support for individual pupil to help them to access the curriculum:** All classrooms have full time STA or TA support. This ensures that help can be given to Pupil Premium children requiring additional support to access lessons. Our Senior Learning Mentor also works with small groups and individuals to provide nurture support and behaviour for learning programmes.

TAs and STAs all to work with focus groups to support either English or Maths skills. This will be timetabled in association with the class teacher and in response to immediate need. This will include reading daily, times tables practice, phonics input, basic maths skills, grammar and punctuation support.

**Provide out of school hours additional tuition in Y6:** Additional after school session once a week for targeted Pupil Premium children to help them to prepare for the SATs. This gives them access to a member of staff and quiet, dedicated learning and revision time that is additional to their normal school day.

**Provide Homework Club for pupils:** All year groups will offer after school sessions for pupils to work on their Homework Projects. This ensures that those children who may struggle to get support and resources at home can use school equipment and time to research and make project items.

**Subsidise enrichment activities/trips for individual pupils:** Funding can be made available to support the families of Pupil Premium children to access school trips if needed.

Subsidised costs of residential visits can also be applied for if the school feels that this would benefit the achievement of the child.

**Provide Parent Groups:** Additional parent sessions will be provided through LA Family Learning. These will focus on engaging parents with school, working with their child and improving confidence in key areas of the school curriculum. This year we have plans for Christmas Crafts, Parents Count Too, First Aid and Easter Crafts.
