

Year 6 Home Learning – Wednesday 25th March

- India is the world's largest producer of bananas.
- Hawaii is moving towards Japan at a speed of 10cm a year. This is because they are on different tectonic plates.
- Around 1% of the sun's mass is oxygen.

MATHS

Login to sats companion and go to the task(s) set by your maths teacher. Submit your answers and/or answer the division questions at the link below:

<https://www.mathsisfun.com/worksheets/ws-longdiv.html?op=div&n=6&amin=20&amax=50&bmin=81&bmax=229>

A suggested maths site you may like to try: <https://www.themathsfactor.com/>

SCIENCE – final part.

Read the information and then watch the short video at the link

<https://www.bbc.co.uk/bitesize/topics/zq99q6f/articles/zt8vg82>

Draw and label a simple circuit containing a switch. Explain what happens to the flow of electricity if the switch is open and why.

ENGLISH

See the writing task below. Either hand write or type your response. (Aim for a page if you can.) If you like, you can email it to your teacher:

CGibson@ashfield-jun.cumbria.sch.uk

DGaskell@ashfield-jun.cumbria.sch.uk

Memories of the School Year

Imagine that your class are making a book of memories of the year at school. A copy of the book will be given to every pupil in the class.

Everyone in the class will write a page of the book about their memories.

Here are some of the things that pupils may include:

most fun activity

my biggest challenge

most embarrassing moment

most exciting moment

the best thing of all about
this year at school

Your task is to write your page of the book.
