

5B Home Learning – Friday 17th April

- The word "typewriter" is the longest word in the English Language that can be spelled with the top of the keyboard.
- A palindrome is a word that is spelled the same way from both ends. For example: racecar.
- Thomas Edison, the inventor of the lightbulb, was actually afraid of the dark.

ENGLISH

1. Log onto <https://spellingframe.co.uk/> Spelling Rule 44 Use of the hyphen – choose games to play and practise spellings.
2. Watch the video which explains what parenthesis is: <https://www.youtube.com/watch?v=YZJbRaA3LUI>. Now complete the following activities:

Activity One: Add information to the sentences below, deciding whether to use commas, dashes or brackets.

1. John watched a scary film last night.
2. Sarah and her friend went to the park to play on the swings.
3. I lost my phone while I was out yesterday.
4. Prince Harry served in the British army.
5. Dolphins belong to the mammal group of vertebrates.
6. They went to the park to meet with Steven's mum.

Activity Two: Create your own sentences that include extra information and use commas, dashes or brackets to highlight the extra information. Don't forget to use capital letters and full stops and best handwriting please!

MATHS

1. Complete the ultimate times tables test (at the end of this task sheet). How long did it take you to complete? Please let me know (if you want to) either via Class Dojo or email me: kbailey@ashfield-jun.cumbria.sch.uk.
2. Can you solve the following problems of the day?

Problems of the Day 2020

Day
20

1 Complete these number sentences.

$$25 + 25 + 25 + 25 = \square \times 25$$

$$10 + 10 + 10 + 10 = \square \times 5$$

$$25 + 25 + 25 + 25 = \square \times 5$$

$$25 + 25 + 25 + 25 = \square \times 100$$

$$25 + 25 - 25 - 25 = \square \times 25$$

2 Louise is thinking of a 4-digit number. Here are some clues to the number.

The number lies between 4,000 and 5,000

All the digits are different

The digit in the tens place is twice the digit in the thousands place

The sum of the digits is 24

The number is odd

What could Louise's number be?

SCIENCE: Living things and their habitats

Read this:

There are a few species of terrapins that are present in our waterways (rivers and canals). The most common is the red-eared terrapin, which although originally native to Britain around 8,000 years ago has returned, transported from the USA as pets during the Teenage Mutant Hero Turtles cartoon craze of the 1980s.

Today, these pets have grown to the size of a dinner plate and developed enough strength to break free of their tanks. Their subsequent, and irresponsible, release into the wild has prompted fears for the health of local wildlife, as well as the terrapins themselves who are ill-equipped to survive in the damp British climate.

Terrapins, along with tortoises and turtles, are known as Chelonians - reptiles with shells. They are almost totally aquatic but also need dry land to bask on during sunny days. Still waters and rivers in the Midlands and Southern England support the largest terrapin populations. Snapper turtles and European pond terrapins have also been spotted along our waterways.

It is unlikely that these animals are breeding, as terrapin eggs need to be incubated at 25 degrees Celsius for around 60 days in order to hatch. Anyone familiar with the British summer knows exactly how unlikely that is. However, with climate change there is concern they could start breeding and cause more damage.

Task:

On Wednesday you listed the features of mammals, amphibians, reptiles, birds, fish and minibeasts.

1. I've included a poster with this home learning task. Look carefully at all the animals – make sure you don't miss one.
2. Now create a table with headings like this:

| mammals | amphibians | reptiles | birds | fish | minibeasts |
|---------|------------|----------|-------|------|------------|
| | | | | | |

3. Write all of the animals in the poster on to your table, making sure each animal is in the correct column.

Optional: if you want, send me your completed table, either by Class Dojo Portfolio or to rbishop@ashfield-jun.cumbria.sch.uk

Name

Date

Time at start of test

Time at end of test

1) $9 \times 3 = \boxed{}$

15) $40 \times 3 = \boxed{}$

29) $90 \times 9 = \boxed{}$

2) $40 \times 3 = \boxed{}$

16) $7^2 = \boxed{}$

30) $3 \times \boxed{} = 18$

3) $4 \times 4 = \boxed{}$

17) $6 \times 11 = \boxed{}$

31) $28 \div \boxed{} = 7$

4) $36 \div 6 = \boxed{}$

18) $500 \div 50 = \boxed{}$

32) $360 \div 60 = \boxed{}$

5) $36 \div 3 = \boxed{}$

19) $7 \times 3 = \boxed{}$

33) $77 \div 11 = \boxed{}$

6) $8 \times 9 = \boxed{}$

20) $9 \times 9 = \boxed{}$

34) $900 \times 30 = \boxed{}$

7) $4 \times \boxed{} = 20$

21) $24 \div 4 = \boxed{}$

35) $8 \times 12 = \boxed{}$

8) $132 \div \boxed{} = 11$

22) $27 \div 3 = \boxed{}$

36) $2,700 \div 300 = \boxed{}$

9) $50 \times 30 = \boxed{}$

23) $84 \div \boxed{} = 12$

37) $8 \times 6 = \boxed{}$

10) $12^2 = \boxed{}$

24) $600 \times 3 = \boxed{}$

38) $7 \times 8 = \boxed{}$

11) $72 \div \boxed{} = 12$

25) $42 \div \boxed{} = 7$

39) $9 \times 12 = \boxed{}$

12) $99 \div 9 = \boxed{}$

26) $11^2 = \boxed{}$

40) $4 \times 600 = \boxed{}$

13) $9 \times 4 = \boxed{}$

27) $24 \div \boxed{} = 3$

14) $6 \times 3 = \boxed{}$

28) $36 \div \boxed{} = 4$
