

	<b>Friday</b>		MARS BAR CAKE
<b>English</b>	Spelling frame or SPaG.com 30 mins		4 Chopped Mars Bars (If using bars from a Multipack you will need 6 Bars!) 75 grams      Butter 3 tablespoons      Golden Syrup 225 grams      Rice Krispies 200 grams      Milk Chocolate 1 Mars Bar (For Decoration, Optional)
	Writing activity 45 mins	<b>A day in the life of a...</b> Write a short story about any creature which comes from an egg! Your story could be factual or fictional	
<b>Maths</b>	TTRockstars 10 mins		Mars Bar Cake is without a doubt a retro children's party classic – it's ridiculously simple to make and absolutely no-one can resist it!  I am not safe around this crispy cake at all. I find it extremely addictive. It's just as well my husband and kids love it as much as I do!
	Reasoning & Solving problem activity 45 mins	Aztec maths (second day) Complete work from yesterday. Or <b>Maths Solving Problems sheet</b>	
	Prodigy activity 10 mins		
<b>Topic</b>	Geography, History or <b>Science</b> activity. 45 mins	Complete your endangered species work from yesterday.  <b>Melting Easter eggs</b> Watch the video in the link below to find out how chocolates are made through reversible changes. Write a short paragraph explaining what a reversible change is. Then, with help from a grown up, melt some of your own chocolate Easter eggs. Maybe use it to decorate the top of home-made buns or make a mars bar crispy cake. Let them cool and set before taking a bite.  <a href="https://www.stem.org.uk/rx33b2">https://www.stem.org.uk/rx33b2</a>	All you need to do is melt Mars Bars, butter and golden syrup together in a pan... When the mixture has melted, pour in the rice crispies. Mix together well, then pour into a lined tin. Let it set for a while before covering with melted chocolate and decorate with chopped Mars Bars.  Enjoy!
