# Year 6 Home Learning – 21st April (Mr G's birthday)

- **There is only 1 even prime number**
- **The first number to contain the letter a (not including numbers containing the word and) is 'thousand'**
- **Zero cannot be represented in Roman numerals**

## MATHS

Play the shape games at the links:

https://mathsframe.co.uk/en/resources/resource/115/sorting_3d_shapes_on_a_venn_diagram#   (drag the shapes into the correct section on the diagram)

https://www.topmarks.co.uk/Flash.aspx?a=activity20

https://www.nctm.org/Classroom-Resources/Illuminations/Interactives/Cube-Nets/

## ENGLISH

Login to sats companion and complete the punctuation task set by your teacher.
Try to spend some time on spelling frame.

## Mayan Number System

Read through the Mayan civilisation number system power point. They had their own unique number system.
Have a go at writing some simple sums but substitute our own numbers for theirs.
Could you write some for your family to work out?
