

Year 6 Home Learning – 13th May

- **Pteronophobia is the fear of being tickled by feathers.**
- **The first computer was invented in the 1940s.**
- **Bees sometimes sting other bees.**

MATHS

Watch the short video about fractions of amounts.

<https://www.bbc.co.uk/bitesize/clips/zq487ty>

Try some of the questions on the fractions of amounts sheet attached. You can try just the first column, the first two or you can try them all if you like.

ENGLISH

Log in to spag.com and complete the task(s) set by your English teacher.

Geography

Today we will look at latitude and longitude. Watch the video to find out more:

<https://www.bbc.co.uk/bitesize/topics/zvsfr82/articles/zd4rmfr>

Read the information below the video and take the short quiz.

TASK: Draw a picture of the Earth and label the equator and hemispheres.

Challenge: use the internet or an atlas and label the tropic of Cancer and tropic of Capricorn.

Around your picture, write in your own words what lines of longitude and latitude are.
