The video is episode 1 part 1 of the junior apprentice. At the end of the video, it will automatically bring up part 2 and then part 3. We would like you to watch the first 3 parts of the video totalling 30 minutes. It looks at two groups of teenagers working together to run a mini business.

After watching, write your response to these questions and send them to your teacher:

1. What skills do you think are going to be the most important for the groups to move forward and work together to create a successful team?
2. Which girl and boy do you think are proving to be the best leaders so far and why?
3. What does running a successful business involve?
