

Year 6 Home Learning – 19th May

- **Tooth enamel is the hardest substance in the human body**
- **Neutron stars can spin 600 times per second.**
- **About 6,800 gallons of water is required to grow a day's food for a family of four.**

MATHS

Look through the Zest menu attached. Imagine that you are going to order food for the people in your home. Your budget is £30 per person. Make a list of the different combinations of food you could order for your family. Work out exactly what each combination will cost.

Show your calculations – you are going to need to use your written methods!

ENGLISH

Log in to spag.com and complete the task set by your English teacher.

Enterprise

<https://www.youtube.com/watch?v=wTuhOkBxdio> the link will take you to part 4 of the Junior apprentice. We would like you to watch part 4 and part 5. Part 5 will come on automatically when part 4 has finished.

When you have seen both parts 4 and 5 make a prediction:

Who do you think will be fired and why? Give reasons about the individual. Try to give reasons why you think the other two will not.

We will not be watching the rest of the programme tomorrow.

If you would like to watch for yourself to see what happened, you can view from part 6 onwards at the following link:
