

5B Home Learning – Friday 15th May

- 90% of the hunting is done by the lioness while the lion steps in only when required.
- There are about 8.7 million unique species living on the earth! Of these, 2.2 million are in the oceans and the rest on land.
- A person's sneeze can travel at speeds of about 100 miles per hour! Imagine if your sneeze fuelled your movement!

ENGLISH

1. Latin and Greek are the source of many root words in English. Your challenge is match each Latin/Greek root word in Column A with its meaning in Column B. Think about words which contain the same Latin/Greek root words in them and what they have in common e.g. aquarium, aquamarine. Don't worry if you can't do them all – this is quite a challenge!!
2. Watch the video <https://www.literacyshed.com/littleshoemaker.html> In a timeless Parisian street there is a little shoemaker called Mr Botte. He makes and sells special kind of shoes and business is good. However, the little shoemaker's life is about to change... a new shoe seller is in town and he will do anything to gain business. Mr Botte's business starts to fail. How will he cope? Maybe he will get some help from unexpected quarters. Can you create some dialogue between the two shoe makers? What about some dialogue between the shoemaker and his shoes? Remember to use the correct punctuation for speech that you practised using yesterday.

MATHS

1. Log on to <https://ttrockstars.com/> to practise your times tables.
2. Complete these Fluent in Five questions.

1	$6 \times 7 \times 2 =$	
<div></div>		<div>1 mark</div>

3	$\frac{1}{3} + \frac{1}{3} =$	
<div></div>		<div>1 mark</div>

2	$12,384 + 5,843 =$	
<div></div>		<div>1 mark</div>

4	$48 \div 10 =$	
<div></div>		<div>1 mark</div>

5

÷ 6 = 896

1 mark

GEOGRAPHY: Rivers of the world

Yesterday you watched a video about six major rivers of the world, but, of course, there are many more major rivers.

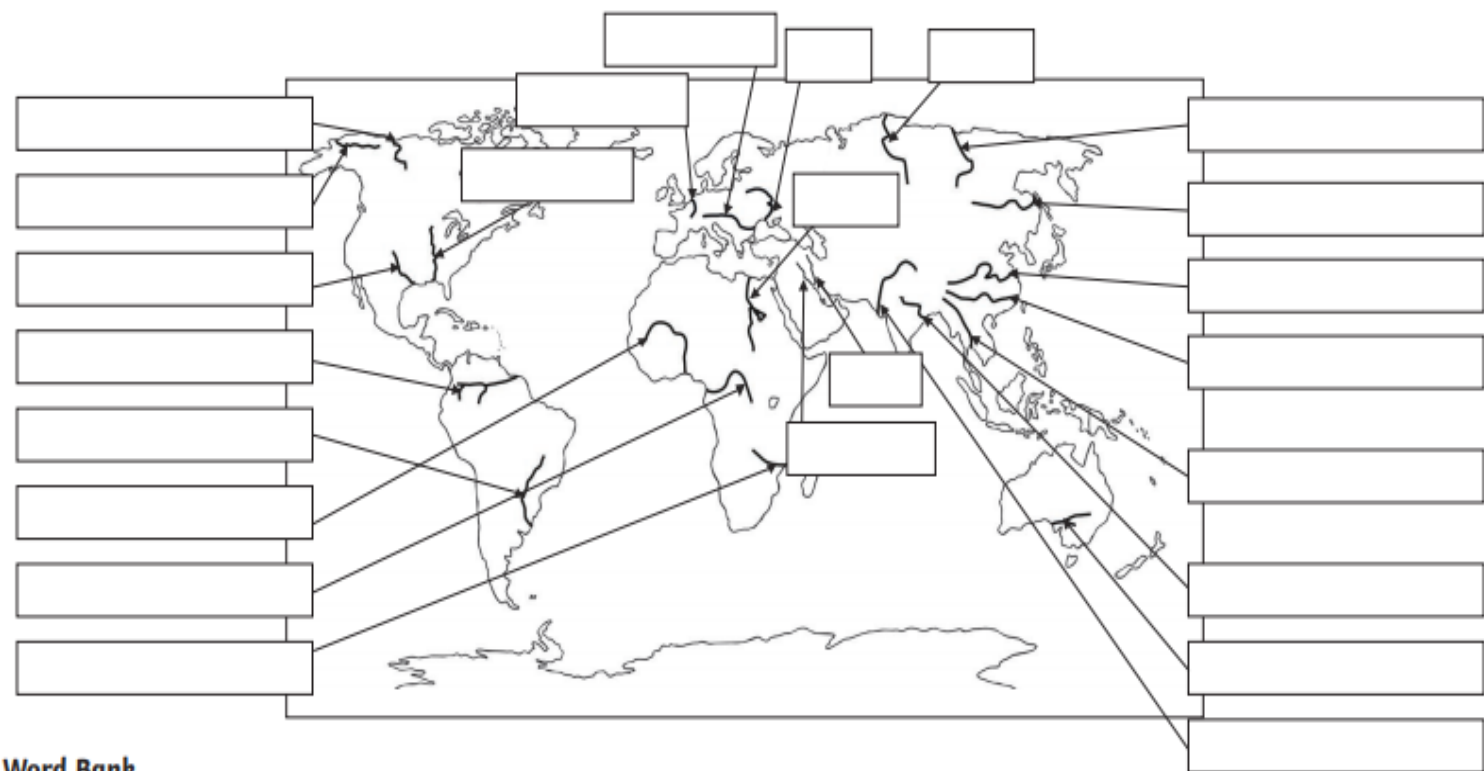

Task: using your expert research skills, I would like you to match as many names to their locations on the map, in one hour. I don't have a printer at home and I guess many of you don't either, so don't worry about writing in boxes. However, I bet you can work out a way to remember which box goes to which river. I'd love to know how many you did locate and name, so let me know via Class Dojo or via my email: rbishop@ashfield-jun.cumbria.sch.uk

I will post the answers on Class Dojo later in the day.

You have one hour! Go for it!

Major Rivers of the World

Use books, maps and the Internet to find out the location of each of these rivers and write the correct names on the map.

Word Bank

Tigris	Nile	Mississippi	Rio Grande	Lena	Niger	Indus	Paraná
Euphrates	Amazon	Yenisei	Congo	Mekong	Danube	Ganges	Yukon
Zambezi	Yangtze	Yellow River	Amur	Mackenzie	Rhine	Murray-Darling	Volga

Latin and Greek Root Word Meaning Match

Match each word in Column A with its meaning in Column B

Column A

1. _____ photo
2. _____ spir
