What time is it?

# FRIDAY'S

# AHEAD

# Two Clocks

Sam and Julie are friends. Both of them have rather odd clocks at home.

In Sam's bedroom there is an old alarm clock which his Dad had thrown out because it had lost its minute hand. Although it has only its small hand, Sam can still tell the time using it. He can tell the hour, such as midday. He can tell when it is time to get up, time to go to school and time to turn his light out at night.

Which clock is showing it is midday?

At what time does Sam get up?

At what time does Sam go to school?

At what time is Sam supposed to turn out his light?

In Julie's hall there is a very old clock which lost its hour hand a long time ago.

School finishes at half past three and it takes Julie at least half an hour to get home. Sometimes she goes to the shop on the way, and sometimes she leaves school a bit later. When she first gets home Julie always looks at the clock in the hall to see what time it is.

One week these were the times she saw:

On which day was it raining so she hurried straight home?

On which day did she go to the shop to buy some sweets on the way home?

On which day did she stay at school to practise in the band?

On which day did she play with Sam for about half an hour before setting off for home?

On which day did her teacher keep the class in for five minutes?

## Topic

**Prime Question:** How did the Victorian period help to shape the Workington we know today?

KS2 History: Local History - A study of Local History taking account of a period of history that shaped the locality.

**Did you know, Workington town was home to the first bus station in the country?**

Yesterday's picture was...

Harbours Workers Shelter, also known as "Billy Bumbley's House".

Find out about today's pictures and write some sentences about each of them.

Today's pictures are...

Find some recent pictures of these places to see what they look like now.

Add these to your collage. It would be great to see your finished sketches.
