Writing

You may be ready to begin writing. Use the checklist below:

I have a name for my information leaflet	
I have chosen the different areas I would like to write about.	
I have chosen some powerful words.	
I have thought about how my leaflet will appeal to my audience.	
I know which pictures I would like to include.	

Spend your time today and tomorrow writing and putting your leaflet together. You may want to use Publisher to make your leaflet look professional or you might like to have a go at designing it yourself like the example we showed you yesterday. Have fun and send us some pictures of your finished work, we love to see what you've been up to.
