

Year 6 Home Learning – 2nd June

- **Your tongue is covered with around 8,000 taste buds.**
- **Spread across their lifetime, most people spend an average of one whole year sitting on the toilet.**
- **Every minute you shed over 30,000 dead skin cells.**

MATHS

Log in to sats companion and complete the percentages task.

ENGLISH

Watch the short video to see how colons can be used

<https://www.youtube.com/watch?v=ymgszCloHbA>

Your task is to create a help guide for someone who does not know how to use semi-colons (from yesterday's task) and colons. Make your guide colourful if you wish, informative and use examples in sentences.

History

Today we are going to be looking once again at the Mayan civilisation. Read through the attached power point and then try the task on the attachment called 'Using Pictures as Evidence.'
