

## Year 6 Home Learning – 3<sup>rd</sup> June

- **There are more twins now than ever before.**
- **The hottest chilli pepper in the world is so hot it can kill you.**
- **More people visit France than any other country.**

### MATHS

Watch the short video at the link and then answer the 5 quiz questions.

<https://www.bbc.co.uk/bitesize/topics/zyhs7p3/articles/z2ndsrd>

Use this, as well as your knowledge of factors and multiples, to solve the 'crack the code' task attached.

### ENGLISH

Log in to [spag.com](https://www.spag.com) and complete the task(s) about semi-colons and colons.

### History

Open the attachment entitled 'The Ancient Maya.' Read through the information on pages 2-4. We are going to look at the ancient Maya codices. Your task is to draw some of these symbols. Make them colourful if you like. Give them to someone in your household to work out what they are.
