

What does inheritance mean?

1. **Inheritance** is the process by which genetic information is passed on from parent to child.

We are 50% DNA from each parent. We look like our siblings because of this.

2. Watch the video at the link and read the information:

<https://www.bbc.co.uk/bitesize/topics/zvhhvcw/articles/zp9f4qt>

3. Take a look at your Year 6 staff...

Do they look similar to their family members? If so, how? What features do they share? Why is this?

4. Open the resource 'inheritance bubble' and answer the question.
