

Year 6 Home Learning – Wednesday 13th January

PSHE

Last week we started to think about our talents, dreams and goals. For your task this morning, we would like you to choose an individual, either past or present, famous or not, and prepare a piece of work about them. Choose someone who you admire and who has succeeded in a particular area. It could be a sports person, scientist, key worker, film/TV star, war veteran etc. Prepare a piece of writing or word-processed document and try to include a picture. Include:

- Why you admire them
- Their talents and skills
- How they became successful
- How they have positively influenced others

MATHS

STARTER: Play TTrockstars from 11:30am in Woodstock in the arena area. Can you spot your friends?

Login to sats companion and complete the tasks set. These cover areas you have worked on this school year.

ENGLISH

Spelling frame – spend some time practising rule 40.

Watch the video – the aim is to edit your postcard draft and write it up neatly. If you can, send your postcard to school (where they will be quarantined) so we can have a look at them. It would be great to receive your postcards if possible and you can even design the front of your postcard or use a postcard from home.

AFTERNOON ACTIVITY

Watch the video provided and answer the question using the evidence provided to support your answers.

‘How serious was the risk of invasion by Nazi Germany in June 1940?’
