

Year 6 Home Learning – Thursday 28th January

MATHS

Head over to class dojo for today's maths video. Pause throughout the video to try the tasks. There is also a link to kahoot.it and we'd like you to spend some time on Times Tables Rockstars.

ENGLISH

Read the attachment and answer the question based on the reading section. There are also some sats companion reading tasks set for you.

SCIENCE

Your science lesson today continues looking at inherited characteristics passed on by our parents through DNA. View the power point and complete the tasks you will find at the end. Read it carefully for helpful information. Send photos of your work to your class teacher.
