

Year 6 Home Learning – Thursday 4th February

MATHS

View the video on class dojo for today's creative times tables day!

ENGLISH

Read the attached resources about Winston Churchill and answer the questions on the resource provided or in your book.

SCIENCE

Today we are continuing our work on inherited characteristics. View the power point which looks at cross-breeding dogs to get specific puppies. Once you've read through the power point, open the attachment called dog breeds & their puppies. Your job is to match each of the puppies on page 2 to 2 different parent dogs on page 1. For each one, write down the inherited features they have gained from each parent.

Can you name each of the species?

We will put the answers on dojo at 6pm.
