## CHILD PROTECTION POLICY AND PROCEDURES

**Current Version- 2021/22**

**Author- Sue Frost**

At the time of publishing, the following roles were held:

Designated Safeguarding Lead:

**Elaine Thwaites**

Deputy Designated Safeguarding Lead:

**Sue Frost**

Designated Teacher for Children Looked After (required where there are 'children looked after' on the School roll)

**Sue Frost**

Safeguarding Team member:

**Emily Lumb**

Safeguarding Governor:

**Sarah Layzell**

Approved by<sup>1</sup>: Chair of Governors

Date: 1<sup>st</sup> Feb 2022

<sup>1</sup>This document requires approval from either the Governing Body or Proprietor

<sup>2</sup>This document must be reviewed annually

## REVIEW SHEET

Review Date	Changes made since last policy	By whom
February 2015	Full policy audit. Key changes made. Name and responsibilities changed. References to KCSIE.	S Frost
June 2016	Name and contact changes. References to changes in KCSIE	S Frost
February 2017	Full policy audit and audit following KCSIE updates- to include SSIs, role of the Designated Safeguarding Lead and deputy. Merging of the Safeguarding Policy and Child Protection Policy.	S Frost (in conjunction with Kym Allan Consultancy)
April 2018	Policy reviewed and rewritten following Safeguarding Review with Jeanette Wright of Safe Haven Consultancy. Changes made to reflect the school's individual character and slim down some sections to make more accessible.	S Frost (in conjunction with Safe Haven Consultancy)
September 2018	Updated to be in line with the new 'Keeping Children Safe in Education'. This followed training on the changes delivered by Safe Haven (attended by SF & ET).	S Frost & E Thwaites
September 2018	Additional member of Safeguarding Team added.	S Frost
September 2018	New Safeguarding Governor name added.	S Frost
March 2019	Elaine and Sue swapped DSL roles. Updated dates of Working Together to safeguard children document.	S Frost
September 2019	Updates to Keeping Children Safe in Education Sept 19 Additional clarification added regarding pick up by adult for Y3&Y4 pupils (page 3).	S Frost
September 2020	Updates to Keeping Children Safe in Education Sept 20: Role of DSL CCE & CSE definitions Importance of Mental Health Support for pupils needing a social worker Support for pupils with mental health concerns Covid-19 review	S Frost
September 2021	Updates to Keeping Children Safe in Education Sept 21: Updates to peer-on-peer abuse Nude and semi-nude images Additional information on CCE Condensed version of Part 1 (annex A) Online safety and remote learning Allegations that do and do not meet thresholds Sexual violence and harassment updates Covid-19 Review	S Frost E Thwaites

# POLICY STATEMENT

## 1. Definitions

For the purposes of this Policy and procedures a child, young person, pupil or student is referred to as a 'child' or a 'pupil' and they are normally under 18 years of age.

Wherever the term 'parent' is used this includes any person with parental authority over the child concerned e.g. carers, legal guardians etc.

Wherever the term 'Head teacher' is used this also refers to any Manager with the equivalent responsibility for children.

Wherever the term 'Designated Officer' or 'DO' is used, this refers to the role formerly known as the Local Authority Designated Officer (LADO) which was renamed Designated Officer in 'Keeping Children Safe in Education' July 2015.

Wherever the term 'school' is used this also refers to wrap around care provided by the setting e.g. After School Clubs and Breakfast Clubs.

## 2. Introduction

All those working in education can contribute to the safeguarding and protection of the welfare of a child in need. According to the DfE, safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring children are growing up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

**Child protection is a part of safeguarding** and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.

The DfE statutory guidance '[Keeping Children Safe in Education](#)' is our first point of reference for child protection and child welfare issues in the school. The guidance has been issued to read and is followed by:

- members of the governing body;
- the school/senior leadership team.

This policy applies to pupils, staff, governors and visitors/volunteers who come into the school.

Effective child protection is essential as part of wider work to safeguard and promote the welfare of children, including how children are taught about safeguarding and how to stay safe on line & how this is managed. However, all agencies and individuals should aim to proactively safeguard and promote the welfare of children so that the need for action to protect children from harm is reduced. This Child Protection Policy and procedures must be read in conjunction with the school **Overarching Safeguarding Statement** and other school Policies and procedures (See Section 6).

## 3. Ethos

At Ashfield Junior School the health, safety and well-being of all our children is of paramount importance to all the adults who work or volunteer here. All of our children have the right to protection, regardless of age, gender, ethnicity or disability. They have a right to be safe in our school; this is enhanced by the adoption of the School Behaviour Policy & Anti Bullying Policy which includes our procedures for preventing and dealing with cases of bullying and a robust Code of Conduct for staff, governors and volunteers who work in school.

We are also committed to establishing a safe and secure physical environment in which children can learn

and develop both personally and academically and achieve success in the following as stated in the Children Act 2004:

- Be healthy (physically, mentally and emotionally);
- Stay Safe (protection from harm and neglect);
- Enjoy and Achieve (via education, training and recreation);
- Make a positive contribution to the school community and general society;
- Achieve social and economic well-being.

The School regards Child Protection as an essential task of **all** its staff, governors and visitors/volunteers who come into school. We are committed to protecting and safeguarding pupils in school.

There is no place for extremist views of any kind in our school, whether from internal sources – pupils, staff, visiting adults, governors etc. or external sources – school community, external agencies or individuals.

Any prejudice, discrimination or extremist views, including derogatory language, displayed by pupils, staff, visitors or parents will always be challenged and, where appropriate, dealt with. Where misconduct by a teacher is proven, the matter will be referred to the National College for Teaching and Leadership for their consideration. Misconduct by other staff will be dealt with under normal school disciplinary procedures.

### **Our School:**

We make use of a variety of SMSC materials such as The Golden Rules, Character Strengths, circle time and assemblies help to develop appropriate attitudes in our children and makes them aware of the impact of their decisions on others. The school places a high priority on global learning through our curriculum, discussion around current global issues, developing global citizenship characteristics and focusing on the achievement of the UN Global Goals.

We will ensure the content of the curriculum includes social and emotional aspects of learning and that child protection is included in the curriculum (including on-line) to help children stay safe, recognise when they don't feel safe and identify who they might/can talk to. We provide a curriculum that will help to equip our children with the skills they need including materials and learning experiences that will encourage them to develop essential life skills and protective behaviours. We recognise that a more personalised or contextualised approach may be required for more vulnerable children, victims of abuse and some SEND children. The Jigsaw PSHE (Personal, Social, Health and Economic Education) curriculum and, where relevant, Sex and Relationship and Health Education includes elements of how children can recognise different risks in different situations and how to behave in response. It equips children with the skills needed to keep themselves safe and empower them to feel safe. We have a number of focus weeks throughout the year to focus on specific issues such as bullying, safer internet use and road safety. We are also a Kidsafe school and use 'Real Love Rocks' in Year 6. Reference will be made to the statutory guidance [relationships education relationships and sex education \(RSE\) and health education](#).

The School is committed to creating and promoting a positive, supportive, neutral and secure environment where pupils can develop a sense of being valued and heard in their own right and where they feel safe, secure and respected. We strive to maintain our school ethos 'Together We Achieve' and our values of Teamwork, Kindness & Honesty.

We encourage pupils to respect the fundamental British values of democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs. We ensure that partisan political views are not promoted in the teaching of any subject in the school and, where political issues are brought to the attention of the pupils, reasonably practicable steps are taken to offer a balanced presentation of opposing views to pupils.

We are aware that young people can be exposed to extremist influences or prejudiced views from an early age which originate from a variety of sources and media, including via the internet, and at times pupils may themselves reflect or display views that may be discriminatory, prejudiced or extremist, including using derogatory language. It is imperative that our pupils and parents see our school as a safe place where they can discuss and explore controversial issues safely and in an unbiased way and where our teachers and other adults encourage and facilitate this.

Every effort is made to work in partnership with other agencies and seek to establish effective working

relationships with parents and other colleagues so enabling the Governing Body to fulfil their duty to have arrangements about safeguarding and promoting the welfare of children introduced by Section 175 of the Education Act 2002 and the Safeguarding Vulnerable Groups Act 2006 (as amended by the Protection of Freedoms Act 2012) in place.

## 4. Aims

There are four main aims to our Child Protection Policy:

- Prevention:** by creating a positive school atmosphere and providing high quality teaching and pastoral support to pupils;
- Protection:** by following agreed procedures and ensuring staff are appropriately recruited, trained and supported to respond appropriately and sensitively to Child Protection concerns;
- Support:** by providing support for pupils and school staff and for children who may have been or are being abused, exploited or neglected.
- Action:** we will do everything possible to safeguard and protect our pupils.

We will do these things by:

- ensuring we practice safe recruitment in checking the suitability of adults who have unsupervised contact with children and appropriately supervising others who are temporarily in school but not undertaking 'regulated activity';
- ensuring that members of the Governing Body have read, understood and follow the DfE statutory guidance '[Keeping Children Safe in Education](#)';
- ensuring all staff and regular volunteers who work directly with children are aware of, understand and follow the DfE statutory guidance 'Keeping Children Safe in Education, and in particular Part one and Annex B. Those staff who do not work directly with children are aware of and understand either Part one or Annex A (a condensed version of Part one) of '[Keeping Children Safe in Education](#)'. It is for the Governing Body, working with the School Leadership Team and DSL, to decide which staff/volunteers should be provided with the relevant literature appropriate to their role;
- promoting good mental and physical health and preventing the spread of infection;
- ensuring all staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation;
- ensuring staff are well placed to observe children and identify those whose behaviour suggests they may be experiencing a mental health problem, or be at risk of developing one;
- ensuring staff are aware of how adverse childhood experiences can have a lasting impact on children's mental health, behaviour and education;
- staff take action on any mental health concerns;
- managing behaviour and adopting safe and acceptable physical intervention techniques (refer to School Behaviour Policy for details);
- raising awareness of child protection issues, equipping children with the skills needed to keep them safe and empowering children to feel safe;
- being alert to any issues of concern in children's lives at home or elsewhere;
- ensuring that mechanisms are in place to assist staff to understand and discharge their role and responsibilities as outlined in Part one (or Annex A, where appropriate) of KCSiE;
- ensuring all staff are able to recognise the signs and symptoms of abuse and are aware of the school's procedures and lines of communication for reporting concerns/suspected or actual cases of abuse;
- ensuring extra care is taken to ensure that signs of abuse and neglect are identified and interpreted correctly, particularly for **vulnerable groups** such as children with communication/language difficulties or who use alternative/augmented communication systems. We know that there can often be additional safeguarding challenges in the protection of SEN pupils;

- ensuring that staff have the skills, knowledge and understanding necessary to support 'children looked after' and to keep them safe. Reference will be made to the NICE guidance document '[Looked-after children and young people](#)';
- monitoring and supporting children and young people who have been identified as having welfare or protection concerns in accordance with his/her agreed Child Protection Plan;
- keeping confidential records which are stored securely and shared appropriately with other professionals;
- ensuring all steps are taken to maintain site security and pupils' physical safety by establishing a safe environment in which children can learn and develop;
- ensuring that Y3 & Y4 children are safely handed over to an approved adult at the end of the school day and that Y5 & Y6 pupils have safe arrangements to get home independently. Y3 & Y4 children must be collected by an adult (someone over 18 years of age).
- ensuring staffing arrangements meet the needs of all children and ensure their safety. We will ensure that children are adequately supervised and decide how to deploy staff to ensure children's needs are met;
- maintaining robust records, Policies and procedures.
- Use CPOMS to record safely and securely any concerns regarding safeguarding.

## 5. Entitlement

We accept and embrace our legal responsibilities under the Equality Act 2010 (for example, the provisions on reasonable adjustments). Each child in our school, regardless of their background or home circumstances could be the victim of child abuse, whether it is by a parent, other adult known to them or a complete stranger. They are therefore all entitled to the same degree of protection and support. Each child in our school will also develop the skills appropriate to their age and understanding which could enable prevention of abuse by learning about keeping safe and who to ask for help if their safety is threatened.

We have and implement a Single Equality Scheme (SES) with objectives to promote equality of opportunity for children in our care, including support for children with special educational needs or disabilities, those identified as 'carers' and looked-after children. Our SES takes account of the whole school community but specifically for children, how the individual needs of all children will be met (including how those children who are disabled, have special educational needs or other health conditions will be included, valued and supported, and how reasonable adjustments will be made for them); the name of the Special Educational Needs Co-ordinator; arrangements for reviewing, monitoring and evaluating the effectiveness of inclusive practices that promote and value diversity and difference; how inappropriate attitudes and practices will be challenged; and how the provision will encourage children to value and respect others.

## 6. Implementation

This Policy and supporting procedures applies to all who come into contact with children in the School, including: teachers, supply teachers, learning support staff, teaching assistants, mid-day supervisors, admin staff, meals supervisors, caretaker, cleaners, visiting students, parent helpers/volunteers, governors and other visitors including contractors.

This Policy should be read in conjunction with other related school Policies and procedures and any current pandemic related advice affecting the safety and welfare of children including:

- Overarching Safeguarding Statement
- Health and Safety Policy
- Online Safety Policy
- Behaviour Policy and procedures
- Anti-Bullying Policy (including cyberbullying, prejudice-based and discriminatory bullying and the potential for radicalisation)
- Sex Education Policy
- Safer Recruitment procedures
- School Single Central Record (restricted access)

- Accessibility Plan
- Data Protection Procedures
- Supporting Pupils with Medical Conditions Policy and procedures
- Special Educational Needs Policy/Information Report
- Intimate Care procedures
- Educational Visits procedures
- First Aid and Accident procedures
- Attendance procedures
- Missing Child procedures
- Risk Assessments (incl. Fire Safety)
- Premises Management including security measures (formal inspections and Buildings Register)
- Lettings arrangements

## 7. Child protection during pandemics

During periods of uncertainty such as that experienced during the Covid-19 pandemic, it is particularly important to safeguarding children who may be at an increased risk of abuse, harm and exploitation from a range of sources. The procedures which follow this Policy statement will be adhered to at all times, but we recognise that amendments or additions may be required in order to support those directly affected by a pandemic. All children are vulnerable, but some may be especially so during periods where they or their households are self-isolating. It is equally important to safeguard families, with parents facing significant pressures to continue to protect and promote the welfare of their children. These parents may already be struggling and so with additional pressure the likelihood of harm or significant harm may increase. In all known or emerging child protection cases, staff (particularly those with safeguarding responsibilities) will be mindful of the affects a pandemic may have on families and children.

Additional issues which may need consideration or action include:

**Poverty** - where families are unable to meet the basic needs of children, this can, in some cases, lead to an increased likelihood of abuse, neglect and harm.

**Reduced access to support networks** – resulting in children who are abused and harmed being unseen and unheard.

**Accommodation** - Vulnerable children and families can often face challenges with their accommodation. They may have temporary accommodation or a lack of space which is exacerbated by the fact that the whole family may be self-isolating, unable to leave the family home for exercise and social contact, which can lead to an increase in abuse and neglect

**Domestic abuse** – A pandemic situation can disrupt routines and behaviours, both positively and negatively and it is important to be aware of how the tension can escalate to violence and abusive behaviours between families, parents and children.

**Substance abuse** - Unhealthy coping mechanisms can involve a reliance on substances that provide relief and escapism by adults and children alike. Substances alter the behaviour of parents and create a lack of safety for children and young people. It is important to understand how families manage the stresses faced during a pandemic - with associated worries around employment, finances and health.

**Neglect** – Self or household isolation can place children at a greater risk of neglect. This is compounded by the increased economic challenges and poverty that families may be facing, and by the increased exposure of children to neglectful environments.

**Children with additional needs** - Children and young people with additional needs and disabilities are more likely to be abused or neglected than non-disabled children, and less likely to disclose harm due to communication and other difficulties. With localised outbreaks that affect the opening of schools or require self-isolation, families may find increased time at home and additional caring responsibilities, a strain.

We will consider how to seek the voice of the child during these times, and whether online or telephone contact is enough to ensure their wellbeing and safety. This is especially important where communication difficulties make these means less effective.

## **8. Review**

This Policy will be reviewed annually (as a minimum) and more often should legislation or statutory guidance change and to keep up to date with safeguarding issues as they emerge and evolve, including lesson learnt from Serious Case Reviews both locally and nationally.

# PROCEDURES

## 1. Roles and Responsibilities

All governors and staff have a shared responsibility to safeguard children.

### 1.1 The Role of the Governing Body/Proprietors

The Governing Body/Proprietors will ensure they facilitate a whole school approach to safeguarding, ensuring safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies will operate with the best interests of the child at their heart.

The Chair of Governors will liaise with the Designated Officer (DO) appointed by the Local Authority and partner agencies in the event of a concern/allegation made against the Head teacher. In the event of a concern/allegation being made against the Head teacher the allegation will be reported directly to the DO.

#### **The Governing Body is accountable for ensuring their establishment:**

- promotes and embeds a culture and environment of openness, trust and transparency so that staff feel comfortable to discuss matters of concern both within, and where appropriate, outside of the workplace which may have implications for the safeguarding and welfare of children;
- has a senior lead to take leadership responsibility for the setting's safeguarding arrangements with the appropriate authority and be given the time, funding, training, resources and support to provide advice and support to other staff, liaising with the LA and working with other agencies Vice Chair- Sarah Layzell);
- has appointed an appropriate senior member of staff, from the school leadership team to the role of Designated Safeguarding Lead (DSL) with a named deputy. The role of Deputy DSL is not a legal requirement but will enable the statutory requirement to have a member of staff with Safeguarding Lead responsibilities always available to staff during school hours should the DSL be unavailable for any reason. The DSL will take lead responsibility for safeguarding and child protection. These roles are taken by Elaine Thwaites and Sue Frost. This responsibility is explicit in the role-holder's job description;
- contributes to inter-agency working in line with statutory guidance 'Working Together to Safeguard Children', March 2015 and HM Government 'Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers';
- provides a co-ordinated offer of early help when additional needs of children are identified and contribute to inter-agency plans to provide additional support to children subject to child protection plans;
- has provided the means to ensure that **all staff** in their school has **read** at least Part one of [Keeping Children Safe in Education](#) (or Annex A, where appropriate) and has mechanisms in place to assist staff to understand and discharge their role and responsibilities as set out in Part one of [Keeping Children Safe in Education](#) (or Annex A, where appropriate) .;
- has effective policies and procedures in place for child protection and staff behaviour (part of the School Behaviour Policy and the Staff Code of Conduct) and Online Safety which are provided to staff and volunteers on induction;
- ensures that safeguarding training for staff, including online safety training, is integrated, aligned and considered as part of the whole school safeguarding approach and wider staff training and curriculum planning. In doing so, the Governors will have regard to the [Teachers' Standards](#).
- has safeguarding arrangements which take into account the procedures and practice of the LA as part of the inter-agency safeguarding procedures set up by the Cumbria SCB;
- actively promotes Global citizenship and 'British values' as part of the school's broad and balanced curriculum in order to ensure pupils' spiritual, moral, social and cultural (SMSC)

development;

- assesses the risk, taking local context into account, of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology;
- has a culture of listening to children, taking account of their wishes and feelings, both in individual decisions and the development of services;
- has a robust system of monitoring child protection concerns in place with appropriate child protection files which are appropriately maintained;
- has arrangements in place for supporting pupils with medical conditions;
- has Safer Recruitment procedures in place;
- prevents people who pose a risk of harm from working with children (either paid or unpaid) by adhering to statutory responsibilities to check staff and other adults who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required; and ensuring volunteers not in 'regulated activity' are appropriately supervised;
- has at least one person on any appointment panel who has undertaken safer recruitment training (Sue Frost);
- has procedures for dealing with concerns/allegations against members of staff, supply staff, volunteers and contractors that comply with DfE statutory guidance 'Keeping Children Safe in Education' (or Annex A, where appropriate), Cumbria SCB, LA and locally agreed inter-agency procedures;
- has procedures for dealing with allegations against other children (peer on peer abuse). This will generally be in accordance with the school Behaviour Policy & Anti-Bullying Policy and procedures in the first instance, other more serious allegations will be dealt with following advice from the Cumbria Safeguarding Hub – see Section 5;
- has appointed a designated teacher to promote the educational achievement of children who are looked after and to ensure that this person has appropriate training – **Sue Frost**;
- ensures that staff have the skills, knowledge and understanding necessary to keep 'children looked after' safe and have the information they need in relation to a child's 'looked after' legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility;
- operates a whistle blowing procedure and will remedy any deficiencies or weaknesses in regard to child protection arrangements that is brought to its attention without delay;
- has appropriate safeguarding responses to children who go missing from education settings, particularly on repeat occasions, to help identify any risk of abuse and neglect including sexual abuse or exploitation and to help prevent the risks of their going missing in the future;
- ensures the child's wishes or feelings are taken into account when determining what action to take and what services to provide to protect individual children through ensuring there are systems in place for children to express their views and give feedback;
- ensures staff members are aware that they must not promise confidentiality to a child and must always act in the best interests of the child;
- has an annual child protection item on the Governing Body agenda and each agenda of the appropriate Governor's Sub-Committee Meeting;
- undertakes a full audit of the Safeguarding systems and procedures in place on an annual basis.

## **1.2 The Role of the Head teacher**

It is the responsibility of the Head teacher to:

- ensure that the Policies and procedures adopted by the Governing Body are fully implemented and followed by all staff and, where appropriate, by other adults;
- ensure that all staff receive an appropriate induction to the work (paid or unpaid) they are to undertake in the school and that this induction includes a section on the procedures to follow if they are worried about a child or the management of child protection generally in the setting;

- ensure all staff and, where appropriate, volunteers attend or are given access to training in child protection procedures and strategies (including online safety) to enable them to identify children who may be at risk from all forms of abuse or harm;
- ensure sufficient resources and time is allocated to enable the Designated Safeguarding Lead (where this is not one and the same person) and other staff to discharge their responsibilities, including attending training at regular intervals, taking part in strategy discussions and other inter-agency meetings, and contributing to the assessment of children;
- ensure all staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to children, and such concerns are addressed sensitively and effectively in a timely manner by supporting the whistle blowing procedures.

### 1.3 The role of the Designated Safeguarding Lead (DSL)

The School has a member of the School Leadership Team designated by the Governing Body as the Safeguarding Lead (DSL) who will provide support to staff members and other adults to carry out their safeguarding duties and who will liaise closely with other services such as Children’s Social Care. The DSL (and deputy) is most likely to have a complete safeguarding picture of an individual child or family background. The role of the Designated Safeguarding Lead is explicit in the role-holder’s job description and includes the roles outlined in the [Keeping Children Safe in Education](#) (or Annex A, where appropriate) policy.

During term-time the DSL and/or a deputy will always be available (during school hours) for staff in the school to discuss any safeguarding concerns. Arrangements will be made to ensure that access to the DSL or deputy will be available to staff during off-site visits or other extra-curricular activities taking place outside normal school hours.

There will always be cover for this role and the deputy DSL’s will be trained to the same standard as the DSL. The role of the deputy DSL is explicit in the role-holder’s job description.

Whilst the activities of the DSL can be delegated to appropriately trained deputies, the ultimate **lead responsibility** for child protection (including online safety), as set out below, remains with the Designated Safeguarding Lead, this **lead responsibility** should not be delegated.

The DSL will have knowledge and skills for recognising and acting upon Child Protection concerns, having received appropriate training. The DSL is also the ‘Prevent Single Point of Contact’ (SPOC).

#### **Liaison and referrals: the Designated Safeguarding Lead will:**

- liaise with and, where requested supply information to, local statutory children’s services agencies and the three safeguarding partners which make up Cumbria SCP in line with [Working Together to Safeguard Children](#);
- refer to Police individual incidents or issues, where deemed necessary. The NPCC guidance [‘When to call the Police’](#) will help DSLs understand when they should consider calling the Police and what to expect when they do;
- refer all cases of suspected abuse or allegations to Cumbria Safeguarding Hub (see Section 5 for contact and referral details) in accordance with the multi-agency thresholds guidance;
- make a referral to Cumbria Safeguarding Hub immediately if, at any point, there is a risk of immediate serious harm to a child – **anybody can make a referral**;
- support staff who make referrals to the Local Authority Safeguarding Hub;
- where required to do so, liaise with the “Case Manager” and the Designated Officer (DO) appointed by the Local Authority in the case of a concern/allegation made against a member of staff or other adult;
- refer to the DBS anyone who has harmed, or poses a risk of harm, to a child and who has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not voluntarily left the school/setting.

- refer concerns about pupils who may have disappeared or whose transfer has raised concerns to Children's Services Children Missing Education (CME) Officer;
- ensure that an indication of further record-keeping is marked on the pupil records;
- ensure that the most relevant trained person attends case conferences, core groups, or other multi-agency planning meetings, contributes to assessments, and provides a report which has been shared with the parents where necessary;
- ensure that any child currently on a Child protection Plan who is absent without explanation for two days is referred to their key worker's Social Care Team;
- understand and support the school in relation to the requirements of the Prevent duty and provide advice and support to staff on protecting children from the risk of radicalisation;
- be aware of the local procedures for making a 'Prevent' referral;
- liaise with staff (especially pastoral support staff, school nurses, IT technicians, SENCOs and Senior Mental Health Leads) on matters of safety and safeguarding (including online and digital safety) and act as a source of support, advice and expertise within school when deciding to make a referral using the [Cumbria Safeguarding Hub Single Contact on-line form](#);
- liaise with the Head teacher (where this is not one and the same person) to inform him or her of issues especially ongoing enquiries under section 17 (child in need) and section 47 of the Children Act 1989 and Police investigations.

**Training: the Designated Safeguarding Lead will:**

receive appropriate training, updated every two years in order to:

- understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as Early Help Assessments (EHA);
- have a working knowledge of how the Local Authority conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to and understands the school's Child Protection Policy and procedures, especially new and part-time staff, supply staff and volunteers/students;
- be alert to the specific needs of children in need, including those with special educational needs, young carers and those at risk of radicalisation or child sexual exploitation;
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK General Data Protection Regulation;
- understand their role in multi-agency working and the importance of information sharing, both within the school, and with the three safeguarding partners, other agencies, organisations and practitioners;
- understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school;
- recognise the additional risks that children with SEN, disabilities (SEND) and other health conditions face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- be able to keep detailed, accurate and secure written records of concerns and referrals;
- obtain access to resources and attend any relevant or refresher training courses and, where required, disseminate information learned from training to others in the setting;
- encourage a culture among all staff and other adults of listening to children and taking account of their wishes and feelings, in any measures the school may put in place to protect them.

**Raising awareness: the Designated Safeguarding Lead will:**

- ensure that, during the induction process, all staff and volunteers are made aware of, and understand, the setting's Child Protection Policy and procedures, the school Code of Conduct for

staff and other adults and are provided with a copy of Part one (or Annex A, where appropriate) of '[Keeping Children Safe in Education - Safeguarding information for all staff](#)', DfE guidance '[What to do if you're worried a child is being abused](#)' and the Cumbria SCP '[Summary of Allegations Management Procedures Flowchart](#)';

- ensure that all staff are made aware of and understand the school's safeguarding response to children who go missing from education;
- ensure the school's procedures are known and followed by staff, particularly concerning referrals of cases of suspected abuse, neglect, child on child abuse and issues relating to sexual violence and sexual harassment;
- ensure the school's Child Protection Policy is reviewed annually and the procedures and implementation are updated and reviewed regularly, and work with the Governing Body or proprietor(s) regarding this;
- ensure the Child Protection Policy and procedures is available publicly and parents are aware that referrals about suspected abuse or neglect may be made and the role of the school in this process;
- link with the Cumbria safeguarding partner arrangements to make sure staff are aware of training opportunities and the latest local procedures on safeguarding;
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school leadership staff. Their role could include ensuring that the school and its staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children;
- where children leave the school (including for in-year transfers), the DSL will ensure their Child Protection file is forwarded to any new school as soon as possible to allow the new school to continue supporting children who have had a social worker and/or been victims of abuse and have that support in place for when the child arrives. The file will be transferred separately from the main pupil file. A copy of the chronology will be retained in school. Consideration will also be given to whether information should be shared with the new school in advance of a child leaving the school to provide continuous support. Further information on the child protection file is outlined in the [Keeping Children Safe in Education](#) policy (or Annex A, where appropriate).

#### **1.4 The Role of the Designated Teacher for Children Looked After and previously looked-after children**

A previously looked-after child potentially remains vulnerable and all staff are equipped with the skills, knowledge and understanding to keep both looked-after and previously looked-after children safe.

The designated teacher for looked-after and previously looked-after children has lead responsibility for helping school staff understand the things which affect how looked-after children learn and achieve in line with the DfE guidance '[The designated teacher for looked-after and previously looked-after children – Statutory guidance on their roles and responsibilities](#)'.

The designated teacher will:

- have received appropriate training and have the relevant qualifications and experience to take the lead in promoting the educational achievement of registered pupils who are looked-after;
- liaise and work together with other agencies providing prompt action to safeguard any looked-after or previously looked-after child;
- promote a culture of high expectations, educational achievement and aspirations for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales;
- work with the virtual school head to promote the educational achievement of looked-after and previously looked-after children;
- make sure the young person has a voice in setting learning targets;
- be a source of advice for staff about differentiated teaching strategies appropriate for individual children making full use of Assessment for Learning;
- make sure that looked-after or previously looked-after children are prioritised in one-to-one tuition arrangements and that carers understand the importance of supporting learning at home;
- have lead responsibility for the development and implementation of the child's personal education plan (PEP) within the school.

#### **1.5 The Role of Teachers**

Teachers, including the Head teacher, will safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties in line with the Teacher Standards 2011 (updated 2013).

#### **1.6 The Role of ALL Staff**

- All staff have a responsibility to provide a safe environment in which children can learn.
- All staff have a responsibility to read and properly understand '[Keeping Children Safe in Education Information for All School and College staff](#)' (Part one), DfE guidance '[What to do if you're worried a child is being abused](#)', the School Code of Conduct for staff and other adults who work with children, the School's Child Protection Policy and the procedures to follow if they have concerns about a child regardless of the presumed seriousness of the case.
- All staff should be aware of indicators of abuse and neglect. Knowing what to look for is vital for the early identification of abuse and neglect so that staff can identify cases of children who may be in need of help or protection.
- All staff should know what to do if a child tells them he/she is being abused, exploited, neglected or otherwise at risk of harm. Always speak to the DSL (or deputy). If in exceptional circumstances, the DSL or deputy is not available, this should not delay appropriate action being taken. Staff should

consider speaking to a member of the School Leadership Team and/or take advice from children's social care. In these circumstances, any action taken should be shared with the DSL (or deputy) as soon as practically possible.

- All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and or alcohol misuse, deliberately missing education and consensual and non-consensual sharing of nude and/or semi-nude images and/or videos can be signs that children are at risk. Further information relating to other signs of harm are set out in Part one (or Annex A, where appropriate) of [Keeping Children Safe in Education](#).
- All staff should be aware that sexual abuse of children by other children (child on child abuse) is a specific safeguarding issue and should understand the importance of their role in preventing and responding to it and be clear on the school Policy and procedures for dealing with it.
- All staff should be able to reassure victims that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting abuse, sexual violence or sexual harassment, nor should a victim ever be made to feel ashamed for making a report.
- All staff are advised to speak to the DSL or deputy should they have a concern about the mental health of a child as this can, in some cases be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- All staff should be prepared to identify children who may benefit from early help and understand their role in it. (See Section 2.1). This includes identifying emerging problems, providing help for children, promoting children's welfare and preventing concerns from escalating, liaising with the DSL, sharing information with other professionals to support early identification whether this is when problems are first emerging or where a child is already known to Children's Social Care and, in some cases, acting as the lead professional in undertaking an early help assessment.
- All staff should be aware of the process for making referrals to Children's Social Care and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments.
- All staff should be aware of and understand the school's safeguarding response to children who go missing from education.
- All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments. Staff, but especially the DSL (and deputy) should consider whether children are at risk of abuse, sexual abuse, serious youth violence, county lines or sexual/criminal exploitation in situations outside their families and should understand how to handle reports of sexual violence and harassment between children, both on and outside school premises, in line with the DfE guidance '[Sexual Violence and sexual harassment between children in schools and colleges](#)'.
- **All** staff should be aware that technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life. Children can also abuse another child online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.
- If a staff member has any concerns or are unsure about a child's welfare, they should act on them immediately. There should be a conversation with the DSL (or deputy) to agree a course of action, although any staff member can make a referral to Children's Social Care. If a referral is made by a member of staff, they should inform the DSL as soon as possible.
- If, at any point, there is a risk of immediate serious harm to a child a referral will be made Cumbria Safeguarding Hub immediately – **anybody can make a referral**.

## 2. Supporting Pupils at Risk

Our school recognises that children who are abused, exploited or neglected or who witness violence may find it difficult to develop a sense of self-worth and to view the world in a positive way. School may be the only stable, secure and predictable element in the lives of the children at risk.

**We will endeavour to support pupils through:**

- a curriculum which encourages self-esteem and self-motivation;
- being a 'listening school';
- the school ethos which promotes a positive, supportive and secure environment where everyone is valued;
- listening to the child's views and concerns with an open mind;
- the implementation of a shared Behaviour Policy and procedures;
- a consistent approach which supports all children;
- regular liaison with other professionals and agencies who support the pupils and their families;
- the development and support of a responsive and knowledgeable staff group trained to respond appropriately in child protection situations.

In addition to the above, as part of wider safeguarding responsibilities, school staff will be alert to:

- disclosures by pupils of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups, especially where pupils have not actively sought these out;
- graffiti symbols, writing or artwork promoting extremist messages or images;
- pupils accessing extremist material on-line, including through social networking sites;
- parental reports of changes in behaviour, friendship or actions and requests for assistance;
- local schools, LA services and police reports of issues affecting pupils in other schools or settings;
- pupils voicing opinions drawn from extremist ideologies and narratives;
- use of extremist or 'hate' terms to exclude others or incite violence;
- intolerance of difference, whether secular or religious or, in line with our Single Equality Scheme, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture;
- attempts to impose extremist views or practices on others;
- anti-western or anti-British views.

### 2.1 Children who may be particularly vulnerable and early help

All children are vulnerable, but some may be at increased risk of neglect and/or abuse. Many factors can contribute to an increase in risk, including prejudice and discrimination, isolation, social exclusion, communication issues and reluctance on the part of some adults to accept that abuse happens, or who have a high level of tolerance in respect of neglect.

Any child may benefit from early help, but we are particularly alert to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan). See 2.4 below;
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or home;

- is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- is at risk of being radicalised or exploited;
- has a family member in prison, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse or adult mental health issues and domestic abuse;
- is misusing drugs or alcohol themselves;
- has returned home to their family from care;
- is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage;
- is a privately fostered child. See 2.6;
- is persistently absent from education, including persistent absences for part of the school day;
- is at risk of fabricated or induced illness;
- is an asylum seeker;
- is vulnerable to being bullied, or engaging in bullying;
- is showing early signs of abuse and/or neglect;
- is living a transient lifestyle;
- is living in a chaotic, neglectful and unsupportive home situation;
- is vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion or sexuality;
- does not have English as a first language.

The Cumbria Early Help Team can be contacted on:

Telephone No: **03003 033896**; or

Email: [early.help@cumbria.gov.uk](mailto:early.help@cumbria.gov.uk)

In addition to the above, we will refer to guidance issued by the Cumbria SCP in relation to [Early help](#).

Special consideration includes the provision of safeguarding information, resources and support services in community languages and accessible formats.

Any cases resulting in early help will be kept under constant review and consideration given to a referral to children's social care for assessment for statutory services if the child's situation does not appear to be improving or is getting worse.

## 2.2 Children in Need

A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Children in need may be assessed under section 17 of the Children Act 1989.

Some children may need a social worker due to safeguarding or welfare needs. Children may need this help due to abuse, neglect and complex family circumstances. Local authorities should share the fact a child has a social worker, and the DSL should hold and use this information so that decisions can be made in the best interest of the child's safety, welfare and educational outcomes. There are clear powers to share this information on both LAs and schools.

Where children need a social worker, this should inform decisions about safeguarding and about promoting welfare.

## 2.3 Children requiring mental health support

Schools have an important role to play in supporting the mental health and wellbeing of their pupils. Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of

suffering abuse, neglect or exploitation. Governing bodies should ensure they have clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems. The Mental Health Lead in school will work closely with other senior leaders. More information can be found in the DfE guidance '[Mental health and behaviour in schools](#)'.

## 2.4 Pupils with SEN/Disabilities or physical health issues

We recognise that children with special educational needs (SEN), disabilities or certain health conditions (whether or not they have a statutory education, health and care plan) can face additional safeguarding challenges and additional barriers can exist when recognising abuse and neglect in this group of children. This can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration;
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children;
- children with SEN, disabilities and other certain health conditions can be disproportionately impacted by things like bullying and peer group isolation – without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

The potential need for early help and extra pastoral support in this group of children is considered as a priority.

## 2.5 Contextual safeguarding

Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. **All** staff, but especially the DSL (and deputies) should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Additional information on contextual safeguarding is available from the [Contextual Safeguarding Network](#).

## 2.6 Private fostering

Private fostering occurs when a child under the age of 16 (under 18, if disabled) is provided with care and accommodation for 28 days or more by a person who is not a parent, person with parental responsibility for them or a relative in their own home. Staff will remain alert to, and, when it comes to their attention, report to the DSL, information which suggest a child is being privately fostered. The DSL will then notify the LA to allow the LA to check the arrangement is suitable and safe for the child.

## 3. Recognising Types of abuse and neglect and significant harm

The Children Act 1989 introduced the concept of **significant harm** as the threshold that justifies compulsory intervention in family life in the best interests of children, and gives local authorities a duty to make enquiries to decide whether they should take action to safeguard or promote the welfare of a child who is suffering, or likely to suffer, significant harm.

All school and college staff are made aware that abuse, neglect and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore staff should always be vigilant and always raise any concerns with their DSL or deputy.

### **3.1 Abuse**

A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused or exploited by an adult or adults or another child or children. Abuse can take place wholly online, or technology may be used to facilitate offline abuse.

### **3.2 Physical Abuse**

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

### **3.3 Emotional Abuse**

The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another – for example where there is domestic abuse, fighting or violence in the home. It may involve serious bullying (including cyberbullying, prejudice-based and discriminatory bullying), causing children to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

For more information, see our procedures for preventing and dealing with bullying within the **School Behaviour Policy**.

### **3.4 Sexual abuse**

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

### **3.5 Neglect**

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

### **3.6 Specific Safeguarding Issues**

Expert and professional organisations are best placed to provide up-to-date guidance and practical support on specific safeguarding issues. For example NSPCC offers information for schools and colleges on the TES website and also on its own website [www.nspcc.org.uk](http://www.nspcc.org.uk).

All staff have an awareness of specific safeguarding issues – some of which are listed below. Staff are made aware that behaviours linked to the likes of drug taking, alcohol abuse, truanting and consensual and non-consensual sharing of nude and semi-nude images and/or videos can be signs that children are at risk.

The [Cumbria SCP Procedures Manual](#) provides specific guidance on a range of safeguarding issues which settings may have to address.

The DfE statutory guidance '[Keeping Children Safe in Education](#)' provides additional information on the following:

**Child Sexual Exploitation (CSE)** – all suspected cases of CSE will be referred to the Cumbria Safeguarding Hub.

CSE is a form of sexual abuse (see 3.4) where children are sexually exploited for money, power or status. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. CSE can affect any child (who has been coerced into engaging in sexual activities), under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex. Some children may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. CSE does not always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

Although inter-agency working and information sharing are vital in identifying and tackling all forms of abuse, it is clear they are especially important to identify and prevent CSE.

By being aware of the warning signs of CSE school staff and other adults can help stop abuse before it develops further. Like all forms of child sex abuse, child sexual exploitation:

- can still be abuse even if the sexual activity appears consensual;
- can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity;
- can take place in person or via technology, or a combination of both;
- can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
- may occur without the child's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media);
- can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence, and may happen without the child's immediate knowledge e.g. through others sharing videos or images of them on social media, or a series of incidents over time, and range from opportunistic to complex organised abuse;
- is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources; and
- may be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator.

Further information is available in the DfE guidance '[Child sexual exploitation: guide for practitioners](#)'.

**Sharing nude and/or semi-nude images and/or videos (formerly known as sexting)** – All incidents involving youth produced sexual imagery will be responded to in line with our child on child abuse policy and procedures which includes advice on sexual violence and sexual harassment (such as sexual comments, remarks, jokes and online sexual harassment which may be stand alone or part of a broader pattern of abuse) between children.

Any direct disclosure/report by a pupil (male or female) will be taken very seriously. A child who discloses they are the subject of sexual imagery is likely to be embarrassed and worried about the consequences. It is likely that disclosure in school is a last resort and they may have already tried to resolve the issue themselves. When an incident involving the inappropriate sharing of images via the internet or mobile device comes to a school's attention the school will follow the guidance as set out in the UK Council for Internet Safety (UKCIS) publication outlined below. A [summary version](#) of this guidance in particular, how the school will respond to an incident, will be shared with all staff as part of their Child Protection regular updated training.

When considering appropriate action regarding the sharing of inappropriate images, the DSL will take the age of the child involved and the context into account. Consensual image sharing, especially between older children of the same age, may require a different response. It might not be abusive, but children still need to know it is illegal, whilst non-consensual is illegal and abusive. Children under 13 are given extra protection from sexual abuse. The law makes it clear that sexual activity with a child under 13 is never acceptable and that children of this age can never legally give consent to engage in sexual activity. Any situations involving pupils in this school and the sharing of nude and semi-nude images and/or videos will be taken seriously as potentially being indicative of a wider child protection concern or as being problematic sexual behaviour. Further and more specific advice is contained within the UKCIS document '[Sharing nudes and semi-nudes - Advice for education settings working with children and young people](#)' which also includes advice on responding to incidents and safeguarding children and young people.

The UKCIS advice outlines how to respond to an incident of nude and semi-nude images being shared including:

- risk assessing situations;
- safeguarding and supporting children and young people;
- handling devices and images;
- recording incidents, including the role of other agencies.
- informing parents and carers

The types of incidents which this advice covers are:

- a person under the age of 18 creates and shares nude and/or semi-nude images and/or videos of themselves with a child under the age of 18;
- a person under the age of 18 shares nude and/or semi-nude images and/or videos created by another person under the age of 18 with a child under the age of 18;
- a person under the age of 18 is in possession of nude and/or semi-nude images and/or videos created by another person under the age of 18.

**Serious violence** – All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

There are a number of risk factors which increase the likelihood of involvement in serious violence, such as being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending, such as theft or robbery.

Further advice on this issue is provided in the Home Office document '[Preventing youth violence and gang involvement](#)'.

**Child Criminal Exploitation (CCE) including county lines** – Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in

county lines are missing episodes (both from home and school) when the victim may have been trafficked for the purpose of transporting drugs. Children are often recruited to move drugs and money between locations and can easily become trapped by this type of exploitation as gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

It is important to note that the experience of girls who are criminally exploited can be very different to that of boys. The indicators may not be the same, however, professionals should be aware that girls are at risk of criminal exploitation too. It is also important to note that both boys and girls being criminally exploited may be at higher risk of sexual exploitation.

Where the potential victim is under 18, a [National Referral Mechanism](#) (NRM) referral should be considered. This is usually undertaken by the Police or Local Authority. Child victims do not have to consent to be referred into the NRM and a safeguarding referral should also be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation.

Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve the use of coercion, intimidation and weapons to ensure compliance of victims;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Further advice on this issue may be found in the Home Office document '[Criminal exploitation of children and vulnerable adults: county lines](#)'.

**Mental health** – All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. In such cases, only appropriately trained professionals will attempt to make a diagnosis of a mental health problem. Our staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where staff have a mental health concern, they have been advised to speak to the DSL or deputy immediately. Reference will be made to the DfE guidance '[Mental Health and Behaviour in Schools](#)'.

**Domestic abuse** - Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members including teenage relationship abuse and child/adolescent to parent violence and abuse, regardless of gender, age, ethnicity, socio-economic status, sexuality or background and domestic abuse can take place inside or outside the home. The abuse can encompass, but is not limited to:

- psychological/emotional (including coercive and controlling behaviour)
- physical/sexual
- economic (access to basic resources like food and clothing)

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members and ex-partners. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children.

When identifying children who are or may be affected by domestic abuse/violence, we take account of the [Domestic Abuse](#) advice provided by Cumbria SCP.

Our school is part of [Operation Encompass](#). This is a police and education early intervention safeguarding partnership which supports children and young people who experience domestic abuse. Operation Encompass means that the police will share information about domestic abuse incidents with our school PRIOR to the start of the next school day when they have been called to a domestic incident. Once a Key Adult (DSL) has attended at an Operation Encompass briefing they will cascade the principles of Operation Encompass to any deputy DSL's.

Our parents are fully aware that we are an Operation Encompass school. The Operation Encompass information is stored in line with all other confidential safeguarding and child protection information. The Key Adult has also led training for all school staff and Governors about Operation Encompass, the prevalence of domestic abuse and the impact of this abuse on children. We have also discussed how we can support our children following the Operation Encompass notification. We are aware that we must do nothing that puts the child/ren or the non-abusing adult at risk.

**'Honour based' abuse (HBA)** – Honour based abuse includes crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage (some perpetrators use perceived cultural practices to coerce a person into marriage), and practices such as breast ironing. This type of abuse in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. All forms of so-called HBA are abuse (regardless of motivation) and will be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

Since October 2015, teachers (described in the legislation as those persons employed or engaged to carry out teaching work at schools and other institutions in England) have been under a mandatory duty to report personally to the Police cases where they discover that an act of FGM appears to have been carried out on a girl under 18. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the School's DSL and involve the Cumbria Safeguarding Hub as appropriate. Reference should also be made to the HM Government [Multi agency statutory guidance on female genital mutilation](#).

**Preventing radicalisation** – Protecting children from the risks of radicalisation, extremism and terrorism is seen as part of this school's wider safeguarding duties and is similar in nature to protecting children from other forms of harm and abuse. Since July 2015 schools have been under a statutory duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This is known as the Prevent duty. Statutory Prevent guidance summarises the requirements on schools in terms of four general themes:

- Risk Assessment – we will assess the risk of children being drawn into terrorism and have clear procedures in place for protecting children at risk of radicalisation.
- Working in Partnership – we will ensure that our procedures take account of the policies and procedures of Cumbria SCP.
- Staff training – we will ensure that staff have access to Prevent awareness training to equip them with the skills and knowledge to identify children at risk of being drawn into terrorism and to challenge extremist ideas. As a minimum, the DSL will receive Prevent awareness training the detail of which will be cascaded to other staff/volunteers as appropriate.
- Online Safety – we will ensure that children are safe from terrorist and extremist material when accessing the internet in school.

We value freedom of speech and the expression of beliefs/ideology as fundamental rights underpinning our society's values. Both pupils and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral

principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion. We seek to protect children and young people against the messages of all violent extremism. This school uses resources taken from the Government sponsored website '[educateagainsthate](#)'. The Home Office statutory guidance '[Revised Prevent Duty Guidance; England and Wales](#)' provides further information for those responsible for assisting in the reduction of all forms of extremism, radicalisation and terrorism.

We are aware of and understand when it is appropriate to make a referral to the Channel programme and/or the Safeguarding Hub.

**Children missing from home, care or education** – A child going missing from home, care or education can act as a vital warning sign of a range of safeguarding possibilities including abuse and neglect, which may include sexual abuse or exploitation and can also be a sign of child criminal exploitation including involvement in county lines. It may also indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of FGM or risk of forced marriage. The School has appropriate procedures and responses to children who go missing from education, particularly on repeat occasions to help identify the risk of abuse and neglect and to help prevent the risk of their going missing in future. These procedures are shared with all staff and other relevant adults, and new starters on Induction. We follow and adhere to Cumbria SCP guidance and procedures on [Children Missing from Home, Care or Education](#).

School staff are aware of the school's unauthorised absence and children missing from education procedures.

In line with current best practice, we will request from parents at least 2 emergency contacts for each pupil which will allow us to contact a responsible adult in the event of a child missing education.

It is our legal duty to inform the Local Authority of any pupil who is removed from the school roll or who fails to attend school regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

**Homelessness** – Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The DSL (and any deputies) are aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Cumbria County Council have a list of [contacts for local district council housing support](#).

**Upskirting** – The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. 'Upskirting' is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender can be a victim.

**Other issues covered by – Keeping Children Safe in Education** – in addition to issues outlined above, [Keeping Children Safe in Education](#) also includes further detail on the following:

- Child abduction and community safety incidents
- Children and the court system
- Children with family members in prison
- Modern slavery and the National Referral Mechanism

#### **4. What school staff should do if they have concerns about a child or an allegation is made about a staff member.**

If staff members have concerns about a child they should input these concerns onto the school's CPOMS facility and raise these with the Safeguarding Team. This also includes situations of abuse

which may involve staff members (including supply staff, volunteers and contractors), refer to allegations guidance and Whistleblowing.

All staff are required to report any concerns. On occasions, a referral is justified by a single incident such as an injury or disclosure of abuse. More often however, concerns accumulate over a period of time and are evidenced by building up a picture of harm; it is crucial that staff record and pass on their concerns in accordance with these procedures to allow the DSL to build up a picture and access support for the child at the earliest opportunity. A reliance on memory without accurate and contemporaneous records of concern could lead to a failure to protect. CPOMS allows the school to build up this accurate chronology of events.

The DSL/Deputy DSL will decide whether to make a referral to Cumbria Safeguarding Hub, but it is important to note that where a staff member feels that their genuine concerns are not being addressed, they may refer their concerns to the Safeguarding Hub directly. Alternatively, the NSPCC have a whistleblowing advice line for professionals who have concerns over how child protection issues are being handled in either their or another organisation. <https://www.nspcc.org.uk/fighting-for-childhood/news-opinion/new-whistleblowing-advice-line-professionals/>

Where a child and family would benefit from co-ordinated support from more than one agency (for example education, health, housing, police) there will be an inter-agency assessment. These assessments should identify what help the child and family require in order to prevent needs escalating to a point where intervention would be needed via a statutory assessment under the Children Act 1989. The Early Help Assessment should be undertaken by a lead professional who could be a teacher, special educational needs co-ordinator, General Practitioner (GP), family support worker, and/or health visitor.

If, at any point, there is a risk of immediate serious harm to a child a referral should be made to Cumbria Safeguarding Hub immediately. If the child's situation does not appear to be improving the staff member with concerns should press for re-consideration. Concerns should always lead to help for the child at some point.

It is important for children to receive the right help at the right time to address risks and prevent issues escalating. Research and Serious Case Reviews have repeatedly shown the dangers of failing to take effective action. Poor practice includes: failing to act on and refer the early signs of abuse and neglect, poor record keeping, failing to listen to the views of the child, failing to re-assess concerns when situations do not improve, sharing information too slowly and a lack of challenge to those who appear not to be taking action.

Refer to the 'Action' flowchart in the 'Keeping Children Safe in Education' policy, September 2020 (see flowchart at the end of this policy).

## 5. Dealing with Disclosures/report from a child

The way in which a member of staff talks to a child who discloses abuse could have an effect on the evidence that is put forward if there are subsequent proceedings, and it is important that staff do not jump to conclusions, ask leading questions, or put words in a child's mouth. If a child makes a disclosure to a member of staff or other adult working in school s/he should write a record of the conversation as soon as possible, stating exactly, in the child's words, what has been said, noting any action taken in cases of possible abuse. It is essential that all children are reassured that they are being taken seriously and that they will be supported and kept safe. This record must be inputted into the CPOMS system.

Inform the Designated Safeguarding Lead (DSL)/ Deputy DSL, **Elaine Thwaites/Sue Frost**, who will evaluate the assessment and concern record. Initial contact will be made with Cumbria Safeguarding Hub where necessary (see below).

The DSL can make a telephone referral to Cumbria Safeguarding Hub and confirm in writing via the Cumbria Safeguarding Hub Single Contact On-line Form. **The initial referral may be made by**

**telephone but must be followed up via the on-line reporting system within 48 hours.**

If a referral needs to be made, or consultation with any other agency then we recognise that it is good practice to inform parents and child of actions to be taken unless this puts the child at further risk of harm.

The LA should make a decision within one working day of a referral being made about what course of action they are taking and should let the referrer know the outcome. The DSL will follow up on a referral should that information not be forthcoming. If, after a referral, the child's situation does not appear to be improving the DSL/ Deputy DSL will press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves.

*All adults in school have a shared responsibility to safeguard and promote the welfare of all children.*

### **Cumbria Safeguarding Hub**

**Tel: 0333 240 1727**

**E mail: [safeguardinghub.fax@cumbria.gov.uk](mailto:safeguardinghub.fax@cumbria.gov.uk) (please ensure that e mails sent to this address are password protected and the password forwarded in a further e-mail).**

The service enables callers to outline their concerns and the Cumbria Safeguarding Hub will give advice and if necessary undertake assessments of need. A flow chart of actions to be taken by the school and other agencies where there are concerns about a child is shown at the end of this policy.

### **This service is available any time of day or night**

Staff must be aware that:

- it is not the responsibility of teachers, other staff or volunteers to investigate suspected cases of abuse;
- they should not take any action beyond that agreed in the procedures established by the setting and the Cumbria Safeguarding Children Board (SCB);
- they cannot promise a child complete confidentiality - instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.

### **Listening to Children**

Experience and consultation with children show that a child will talk about their concerns and problems to people they feel they can trust and they feel comfortable with. This will not necessarily be a teacher. It is therefore essential that all staff and volunteers in a school or establishment know how to respond sensitively to a child's concerns, who to approach for advice about them, and the importance of not guaranteeing complete confidentiality.

Working Together to Safeguard Children (July 2018) describes what children have said that they need:

- **Vigilance:** to have adults notice when things are troubling them
- **Understanding and action:** to understand what is happening; to be heard and understood; and to have that understanding acted upon
- **Stability:** to be able to develop and on-going stable relationship of trust with those helping them
- **Respect:** to be treated with the expectation that they are competent rather than not
- **Information and engagement:** to be informed about and involved in procedures, decisions, concerns and plans
- **Explanation:** to be informed of the outcome of assessments and decisions and reasons when their views have not met with a positive response
- **Support:** to be provided with support in their own right as well as a member of their family

- **Advocacy:** to be provided with advocacy to assist them in putting forward their views

Children want to be respected, their views to be heard, to have stable relationships with professionals built on trust and to have consistent support provided for their individual needs. School will seek to demonstrate to children that it provides them with a safe environment where it is okay to talk.

Any member of staff or volunteer who is approached by a child wanting to talk will listen positively and reassure the child. They will record the discussion with the pupil as soon as possible and take action in accordance with the school's child protection procedures.

If a child chooses to disclose/report, the member of staff or other adult in the school **WILL:**

- be accessible and receptive;
- listen carefully and uncritically at the child's pace;
- take what is said seriously;
- reassure the child that they are right to tell;
- tell the child that this information must be passed on;
- make a careful record of what was said.

Staff or other adults will **NEVER:**

- take photographs or examine an injury;
- investigate or probe aiming to prove or disprove possible abuse – never ask leading questions;
- make promises to children about confidentiality or keeping 'secrets';
- assume that someone else will take the necessary action;
- jump to conclusions or react with shock, anger or horror;
- speculate or accuse anybody;
- confront another person (adult or child) allegedly involved;
- offer opinions about what is being said or about the person/s allegedly involved;
- forget to record what has been said;
- fail to pass the information on to the correct person;
- ask a child to sign a written copy of the disclosure.

**Vulnerable Groups:** For children with communication/language difficulties or who use alternative/augmented communication systems, staff and other adults may need to take extra care to ensure that signs of abuse and neglect are identified and interpreted correctly, but concerns should be reported in exactly the same manner as for other children. In some cases, it may be appropriate to seek the services of a professional interpreter.

## 6. Induction and Training

All school-based staff including the Head teacher (where he/she is not the DSL) are required to undertake an appropriate level of safeguarding and child protection training (including online safety) at induction. This training will be updated regularly. We will train all staff and volunteers (where appropriate) to understand the Overarching Safeguarding Statement and this Child Protection Policy and procedures, and ensure that all adults have up to date knowledge of safeguarding issues. In addition, all staff members can receive regular safeguarding and child protection updates (including online safety) (for example, via e-mail, memos, staff meetings/briefings etc.), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Appropriate training and regular updates will enable staff to identify signs of possible abuse and neglect at the earliest opportunity, and to respond in a timely and appropriate way including:

- significant changes in a child's behaviour;
- deterioration in a child's general well-being;
- unexplained bruising, marks or signs of possible abuse or neglect;

- a child's comments which give cause for concern;
- any reasons to suspect neglect or abuse outside the setting, for example in the child's home;
- recognising inappropriate behaviour displayed by other members of staff, or any other person working with the children, for example, inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images;
- internal school procedures, roles and responsibilities;
- dealing with a disclosure from a child;
- whistle blowing procedures as they refer specifically to Child Protection;
- the school Single Equality Information/Objectives; and
- general health, safety and welfare issues.

Training is organised by the DSL in line with Cumbria SCB guidance.

All staff have undertaken whole school Safeguarding Training which will be refreshed every three years and updated on a regular basis by the DSL or other external source.

All staff and regular volunteers working in 'Regulated Activity' and directly with children are provided with a copy of Part one (or Annex A, where appropriate) of 'Keeping Children Safe in Education – Safeguarding information for all staff, (or Annex A, where appropriate) DfE guidance 'What to do if you're worried a child is being abused', the Cumbria SCB Summary of Allegations Management Procedures Flow Chart; the school's Child Protection Policy and procedures and the School Code of Conduct for staff and other adults.

## 7. Record Keeping

Staff will record any welfare concern that they have about a child on CPOMS, with a body map where injuries have been observed to be passed to the DSL/ Deputy DSL. Records must be completed as soon as possible after the incident/event. Staff must be aware that their records might have to be used as evidence in court, and must therefore be mindful of the need to distinguish fact from opinion. However, staff must not attempt to investigate a situation themselves. If CPOMS is not accessible blank Child Disclosure/Concern Records are kept in **Mrs Thwaites' office and the main school office**.

Records will include:

- A clear and comprehensive summary of the concern;
- Details of how the concern was followed up and resolved;
- A note of any action taken, decisions reached and the outcome.

A record will be made of all incidents where pupils have expressed racist, homophobic, extremist or radical views which will be monitored at a senior level.

When forwarding files to a receiving school, a chronology of the information, a record of the date of transfer and date of confirmation of receipt by the next school will be kept.

All child protection records will be forwarded to a child's subsequent school under confidential and separate cover to the new DSL or Head Teacher. Confidential files which have to be posted (e.g. for out of County moves) should be marked private and confidential and sent via the 'Special Delivery' postage route where its whereabouts at any time can be tracked.

## 8. Concerns/Allegations against members of staff, supply staff, volunteers or contractors.

Sometimes allegations of inappropriate treatment of children are made against members of staff employed by the school including supply agency staff, volunteers and contractors rather than members of the child's family. Such allegations are dealt with according to specific procedures

published on the Cumbria SCB website and Part four of 'Keeping Children Safe in Education' – Allegations of abuse made against teachers and other staff.

If an allegation is made against a governor, the school will follow their own local procedures. Where an allegation is substantiated, we will follow the procedures to consider removing them from office.

Cumbria SCB has produced a Summary of Allegations Management Procedures Flowchart which can be found at Appendix D. A copy of this flow chart is provided to all individuals working in school and to new starters as part of their Induction.

The member of staff to whom the concern/allegation is reported will:

- treat the matter seriously;
- ensure that, where necessary, the child receives appropriate medical attention;
- make a written record of the information using the child's/parent's own words, including when the alleged incident took place; who was present; and what happened;
- sign and date the written record;
- report the matter immediately to the Head teacher or deputy in his/her absence. Where the Head teacher is the subject of a concern/allegation, or in a situation where there is a conflict of interest in reporting the matter to the Head teacher, the concern/allegation will be reported to the Chair of Governors. In all instances, the most senior person (Head teacher or Chair of Governors) will be the allocated the role of 'Case Manager'. Confidentiality must be maintained at all times.

#### **Initial action by the Case Manager**

The Case Manager will immediately discuss the concern/allegation with the Local authority appointed Designated Officer (DO) and within **1 working day**. The purpose of an initial discussion is for the DO and the Case Manager to consider the nature, content and context of the concern/allegation and agree a course of action. To inform the initial course of action, the following may be required:

- written details of the concern/allegation - signed and dated by the person receiving the initial concern/allegation report;
- any other information and names of any potential witnesses;
- a chronology of significant events;
- information already known about those involved, including previous history, other concerns/allegations made by the child or family and the individual's current contact with children;
- checks on any historic incident(s) or logbooks.

There may be situations when the Case Manager will want to involve the Police immediately, for example if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. Where there is no such evidence, the Case Manager should discuss the concerns/allegations with the DO to help determine whether Police involvement is necessary.

To report a concern in writing to the DO, the notification form (available either from the Cumbria SCB website or from the KAHSC website) must be used.

Completed forms must be sent to the Cumbria Safeguarding Hub, using any of the following methods:

**(Please note: if sending by e-mail the document must be password protected)**

- Fax: 01768 812090
- EMail: [lado@cumbria.gov.uk](mailto:lado@cumbria.gov.uk)
- Post: DO, Cumbria Safeguarding Hub, Skirgill Depot, Penrith, Cumbria, CA10 2BQ

- Please note if you are worried that a child is at **risk of immediate harm** please contact Cumbria Safeguarding Hub on **0333 240 1727** or click here **[How to refer a child](#)**.

To speak to a DO for advice, contact the Multi-Agency Business Support Team who will take your details and ensure a DO returns the call:

Phone: **03003 033892**

Or you can email [lado@cumbria.gov.uk](mailto:lado@cumbria.gov.uk)

Allegations are managed in accordance with Cumbria SCB Procedures Manual (March 2015)

The Case Manager will contact the DO if an allegation is made against a member of staff or another adult (including supply staff, volunteers and contractors) where their actions may have met the 'harms threshold' and the individual is alleged to have:

- **behaved in a way that has harmed a child, or may have harmed a child;**
- **possibly committed a criminal offence against or related to a child;**
- **behaved towards a child or children in a way that indicates s/he may pose a risk of harm to children; or**
- **behaved or may have behaved in a way that indicates they may not be suitable to work with children.**

The advice of the DO can also be sought if there is uncertainty as to whether a referral should be made or for example there are concerns about the staff member's conduct outside work which may raise concerns about their suitability to work with children.

The Case Manager will inform the accused person about the concern/allegation as soon as possible after consulting with the DO. It is extremely important that the Case Manager provides them with as much information as possible at that time. However, where a strategy discussion is needed, or Police or Children's Social Care services need to be involved, the Case Manager will not do that until those agencies have been consulted and have agreed what information can be disclosed to the accused.

The Case Manager will appoint a named representative to keep the person who is the subject of the concern/allegation informed of the progress of the case and consider what other support is appropriate for the individual.

The welfare of a child is paramount, and this is the prime concern in terms of investigating an allegation against a person in a position of trust. However, when an allegation or safeguarding concern is being investigated it is likely to be a very stressful experience for the adult subject of the investigation, and potentially for their family members. We will offer appropriate welfare support at such a time and recognise the sensitivity of the situation. Information is confidential and will not ordinarily be shared with other staff or with children or parents who are not directly involved in the investigation.

Parents of a child or children involved will be told about the concern/allegation as soon as possible if they do not already know of it. However, where a strategy discussion is required, or Police or Children's Social Care services need to be involved, the Case Manager will not do so until those agencies have been consulted and have agreed what information can be disclosed to the parents. Parents will also be kept informed about the progress of the case, only in relation to their child – no information can be shared regarding the staff member and informed of the outcome where there is not a criminal prosecution, including the outcome (in confidence) of any disciplinary process.

Parents will also be made aware of the requirement to maintain confidentiality about any concerns/allegations made against teachers or other staff whilst investigations are ongoing. Where parents wish to apply to the court to have reporting restrictions removed, they will be advised to seek legal advice.

**Initial consideration by the Case Manager and LA appointed Designated Officer (DO)**

Schools, as employers have a duty of care to their employees. Where the school is not the employer of an individual, they still have a responsibility to ensure concerns/allegations are dealt with appropriately and that they liaise with relevant parties (this includes supply teachers and volunteers). It is essential that any allegation of abuse in a school is dealt with very quickly, in a fair and consistent way that provides effective protection for the child and, at the same time supports the person who is the subject of the allegation.

The DO will establish, in discussion with the Case Manager that the allegation is within the scope of the Cumbria SCP procedures and may require further investigation. There may be up to 3 strands considered as part of this process and the discussion will centre upon whether there is a need for:

- a Police investigation because a crime has or may have been committed;
- enquiries and assessment by social care to determine if services or emergency actions are required;
- consideration by the employer of disciplinary action in respect of the individual.

If agreement is reached that the criteria for action by the Police or Children's Services has been established, the DO will contact Children's Social Care to ensure a formal 'strategy meeting' is set up involving Children's Services Social Care and the Police. Where the Police are involved, wherever possible the school will ask the Police to obtain consent from the individuals involved to share their statements and evidence for use in the employer's disciplinary process. If only the last criterion is met the DO will provide advice to the Case Manager on the subsequent management of the case to a satisfactory conclusion within the framework of the school's procedures for discipline and conduct.

### **Suspension**

The decision on **suspension/transfer to alternative duties** of the staff member subject to the allegation is the responsibility of the Case Manager having consulted with their HR adviser and the DO. School leaders will ensure that they provide effective support for anyone facing an allegation and provide them with a named contact if they are suspended.

Suspension will never be an automatic step for staff subject to allegations; each case will be dealt with on its merits taking into consideration factors such as the seriousness of the allegation, the potential risks to children and whether it is possible to investigate the allegation whilst the person is still at work. The strategy meeting will make a recommendation to the setting if one is required but the ultimate decision rests with the Case Manager. The decision to suspend will be taken on a case-by-case basis having undertaken a risk assessment about whether the person poses a risk of harm to children.

Additional information on suspension or those subject to a Secretary of State interim Prohibition Order is available in Part four of ['Keeping Children Safe in Education'](#).

If the Case Manager is concerned about the welfare of other children in the community or the individual's family, those concerns will be reported to the DO, Children's Social Care or the Police as required.

### **Subsequent actions**

The detailed procedures that need to follow this initial consideration are available on the Cumbria SCP website. The Case Manager is expected to keep the DO advised of progress especially where it has been agreed that the matter should be dealt with within the framework of the school's disciplinary process (see above).

The following definitions will be used when determining the outcome of allegation investigations:

- **Substantiated:** there is sufficient evidence to prove the allegation;
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive or cause harm to the person subject of the allegation;
- **False:** there is sufficient evidence to disprove the allegation;

- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation. The term, therefore, does not imply guilt or innocence; or
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made.

A referral must also be made to the Disclosure and Barring Service (DBS) when concerns are raised that a person has caused harm or poses a future risk of harm to children/vulnerable adults. If a member of staff or a volunteer is removed or dismissed because they have harmed a child or vulnerable adult, or the school would have done so if the individual had not left, the Disclosure and Barring Service must be informed. [How to refer to the DBS.](#)

The school will also consider whether a referral to the Teaching Regulation Authority (TRA) is appropriate where we dismiss or cease to use the services of a teacher because of serious misconduct or might have dismissed them or ceased to use their services had they not left first.

Details of allegations that are found to have been malicious will be removed from personnel records and those allegations which were proved to be false, unsubstantiated or malicious will not be included in an employer reference. However, for all other allegations we will hold a clear and comprehensive summary of the allegation and how it was followed up and resolved. This will enable accurate information to be given in response to any future request for a reference, where appropriate.

**All staff will be made aware that it is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk. When in doubt – consult.**

#### **Resignations and settlement agreements**

If the accused person resigns, or ceases to provide their services, this will not prevent an allegation being followed up in accordance with Part four of the DfE guidance [Keeping Children Safe in Education](#).

‘Settlement or compromise agreements’ will not be used in cases of refusal to cooperate or resign before the person’s notice period expires. Such an agreement will not prevent a thorough police investigation where that is deemed appropriate.

#### **Record keeping**

We have an obligation to preserve records which contain information about concerns/allegations of sexual abuse for the term of the Independent Inquiry into Child Sexual Abuse (IICSA). All other records will be retained at least until the accused has reached normal pension age or for a period of 10 years from the date of the concern/allegation if that is longer.

Details of allegations following investigation that are found to have been malicious or false will be removed from personnel records unless the individual gives their consent for retention of the information. For all other allegations, the following information will be kept on the file of the person accused:

- a clear and comprehensive summary of the allegation;
- details of how the allegation was followed up and resolved;
- a note of any action taken, and decisions reached, and the outcome as categorised above;
- a copy provided to the person concerned, where agreed by Children’s Social Care or the Police; and,
- a declaration on whether the information will be referred to in any future reference.

For more detailed guidance on how to respond to allegations against staff, supply staff, volunteers or contractors, please refer to the Cumbria SCP guidance – [Whistleblowing](#).

#### ▪ **Supply teachers and all contracted staff**

Whilst this school is not the employer of supply teachers or other contracted staff, we will ensure that concerns/allegations are dealt with properly. In no circumstances will we decide to cease to use

supply/contracted staff due to safeguarding concerns, without finding out the facts and liaising with the Designated Officer appointed by the Local Authority (DO) to determine a suitable outcome. Where the individual about whom the concern/allegation has been made is employed by an Agency or Agencies where the supply teacher is working across a number of schools, the Governing body will discuss with the Agency/ies whether it is appropriate to suspend the supply teacher. The Agency will be fully involved in the process which will usually be led by the school and the DO since the individual, whilst not employed by the school is under the supervision, direction and control of the Governing Body when working in the school. The allegations management meeting will address issues such as information sharing.

We will inform any supply agency of our process for managing allegations, taking account of the agency's Policies and their duty to refer to the DBS as personnel suppliers.

#### ▪ **Non-recent allegations**

Where an adult makes an allegation to a school that they were abused as a child, the individual will be advised to report the allegation to the Police. Non-recent allegations made by a child, will be reported to the DO in line with the local authority's procedures for dealing with non-recent allegations. The DO will coordinate with Children's Social Care and the Police. Abuse can be reported no matter how long ago it happened.

#### **Concerns that do not meet the harm threshold (low-level concerns)**

As part of our whole school approach to safeguarding we aim to promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school (including supply teachers, volunteers and contractors) are dealt with promptly and appropriately.

We believe that creating a culture in which **all** concerns about adults (including allegations that do not meet the harms threshold (see Page 20 above) are shared responsibly and with the right person, recorded and dealt with appropriately, is critical. If implemented correctly, this will encourage an open and transparent culture; enable us to identify concerning, problematic or inappropriate behaviour early; minimise the risk of abuse; and ensure that adults working in or on behalf of the school or college are clear about professional boundaries and act within these boundaries, and in accordance with our ethos and values.

A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, and
- does not meet the allegations threshold (see page 20 above) or is otherwise not considered serious enough to consider a referral to the DO.

All low-level concerns about adults working in the school regardless of how insignificant they may be perceived to be, should be reported initially to the Head teacher. Where the concern relates to the Head teacher or in a situation where there is a conflict of interest in reporting the matter to the Head teacher, the concern should be referred to the Chair of the Governors.

Further information on low-level concerns, examples and record keeping can be found in the school staff code of conduct.

#### ▪ **Responding to low-level concerns**

If the concern has been raised via a third party, the Head teacher will collect as much evidence as possible by speaking directly to the person who raised the concern (unless it has been raised anonymously) and to the individual involved and any witnesses.

Any information collected will help to categorise the type of behaviour and determine what further action may need to be taken. The rationale for the action taken and the decisions which led to the action will be recorded.

## Managing allegations against other pupils (child on child abuse)

We believe that all children have a right to attend the School and learn in a safe environment. Children should be free from harm by adults in the school and other pupils. We recognise that some pupils will sometimes negatively affect the learning and wellbeing of others and their behaviour will generally be dealt with under the School's Whole School Behaviour Policy. It is not enough to respond to incidents as they arise and we strive to create an environment that actively discourages abuse and challenges the attitudes which underlie it. The school has a Policy which includes bullying, and sexual and racial harassment.

All staff are made aware that safeguarding issues can manifest themselves via child on child abuse and will be trained in the procedures to follow if there are incidents of sexual violence or sexual harassment between pupils. This is most likely to include, but not limited to: bullying (including cyber bullying, prejudiced-based and discriminatory bullying), physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; gender-based violence/sexual violence (such as rape, assault by penetration and sexual assault), sexual harassment (such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras, lifting up skirts, sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse). Dismissing or tolerating such behaviours risks normalising them; upskirting and the sharing of nude and/or semi-nude images and/or videos. Additional information on this issue is also available in Annex B of [Keeping Children Safe in Education](#) and in the DfE best practice advice '[Sexual violence and sexual harassment between children in schools and colleges](#)'.

**We have a zero tolerance approach to sexual violence and sexual harassment. It is never acceptable and will not be tolerated.** All staff have been made aware that even if there are no reports in our school, it does not mean it is not happening – it may be the case that it is just not being reported. If staff have any concerns regarding child on child abuse, they must speak to the DSL (or deputy).

We will ensure that pupils are aware of the NSPCC dedicated helpline (report abuse in education – **0800 136 663**) for children and young people who have experienced abuse at school, and for worried adults and professionals that need support and guidance.

Decisions about what to do should a case of child on child abuse become evident will be made on a case-by-case basis, taking into consideration:

- the wishes of the victim in terms of how they want to proceed;
- the nature of the incident – might a crime have been committed?
- the ages of the children involved;
- any power imbalance between the children for example, if one child is much older, more mature or more confident. Does the victim have a disability, learning difficulty or other health related issues;
- whether it was a one-off incident or a pattern of behaviour by the alleged perpetrator;
- that sexual violence and sexual harassment can take place within intimate personal relationships between peers; and
- other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation.

### ▪ Safeguarding concerns/allegations

We recognise that children can abuse their peers. There are different forms of child on child abuse, but we recognise that abuse is abuse and will never be tolerated or passed off as “banter”, “just

having a laugh”, “boys being boys” or “part of growing up” which essentially downplays certain behaviours and can lead to a culture of unacceptable behaviours, an unsafe environment for children and possibly a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it. We will not dismiss abusive behaviour between children as ‘normal’ and our thresholds for investigating claims and concerns/allegations are the same as for any other type of abuse. Although it is generally considered more likely that girls will be victims and boys’ perpetrators, we consider all child on child abuse to be unacceptable and will take any concerns/allegations seriously.

Children with Special Educational Needs and Disabilities (SEND) or certain health conditions are three times more likely to be abused or exploited than their peers. Additional barriers can sometimes exist when recognising abuse in SEND children. These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s disability or health condition without further exploration;
- the potential for children with SEND being disproportionately impacted by behaviours such as bullying and harassment, without outwardly showing any signs; and
- communication barriers and difficulties overcoming these barriers.

Any reports of abuse involving children with SEND will therefore require close liaison with the DSL (or deputy) and the SENCO.

Children who are lesbian, gay, bi, or trans (LGBT+) can be targeted by other children. In some cases, a child who is perceived by their peers to be LGBT+ (whether they are or not) can be just as vulnerable as children who identify as LGBT+.

We are also aware that our staff can be victims of sexual violence and sexual harassment and have arrangements in place to protect our staff and other adults from such abuse, including clear reporting and support mechanisms.

Occasionally, allegations may be made against pupils by others in the school, which are of a child protection nature. Child protection issues raised in this way may include physical abuse, emotional abuse, sexual abuse and sexual exploitation. It is likely that to be considered a child protection allegation against a pupil, some of the following features will be found.

The concern/allegation:

- is made against an older pupil and refers to their behaviour towards a younger pupil or a more vulnerable pupil;
- is of a serious nature, possibly including a criminal offence;
- raises risk factors for other pupils in the school;
- indicates that other pupils may have been affected by this pupil;
- indicates that young people outside the school may be affected by this pupil.

Examples of child on child abuse could include:

#### **Physical abuse**

- violence, particularly pre-planned such as hitting, kicking, shaking, biting, hair pulling or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- forcing others to use drugs or alcohol
- teen dating violence/abuse in intimate personal relationships between peers

#### **Emotional abuse**

- blackmail or extortion
- threats, intimidation and defamation

- bullying (including cyberbullying, prejudice-based and discriminatory bullying), racial or sexual harassment (sexual comments, remarks, jokes and online sexual harassment) or other imbalance of power
- hazing – any activity expected of someone joining or participating in a group that humiliates, degrades, abuses or endangers participants regardless of a person’s willingness to participate
- stalking

#### **Sexual abuse**

- causing someone to engage in sexual activity without consent
- indecent exposure, indecent touching, rape or sexual assault
- forcing others to watch pornography or consensual and non-consensual sharing of nude and/or semi-nude images and/or videos via the internet or other mobile device

#### **Sexual exploitation**

- encouraging other children to attend inappropriate parties
- photographing or videoing other children performing indecent acts

In some situations, older pupils may attempt to recruit younger pupils using any or all the above methods. Young people suffering from sexual exploitation themselves may be forced to recruit other young people under threat of violence.

### ▪ **Minimising the risk of safeguarding concerns towards pupils from other pupils**

On occasion, some pupils may present a safeguarding risk to other pupils. The school may well be informed by the relevant agency (either Police or Social Care) that the young person raises safeguarding concerns. These pupils will need an individual Behaviour (or risk) Management Plan to ensure that other pupils are kept safe and they themselves are not laid open to malicious allegations.

Pupils are encouraged to report child on child abuse and sexual violence and sexual harassment, and the issue is discussed as part of PSHE curriculum to the extent that all children are made aware of what behaviour is unacceptable and to enable all children to have the confidence to report issues which may be worrying or concerning to them and to whom those reports should be made.

It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

### ▪ **Possible actions in response to a concern/allegation against a pupil**

- Staff who observe or suspect any form of child on child abuse must inform the DSL as soon as possible so that further investigations can take place.
- When an allegation is made by a pupil against another pupil, members of staff should consider whether the complaint raises a child protection concern. If there is a child protection concern the DSL must be informed as soon as possible.
- A factual record will be made of the concern/allegation, but no attempt at this stage should be made to investigate the circumstances.
- The DSL should contact Cumbria Safeguarding Hub (see details above) to discuss the case. It is possible that Safeguarding Hub is already aware of child protection concerns around this young person. The DSL will follow through the outcomes of the discussion and make a referral of either one or all of the pupils involved where appropriate.
- The DSL will make a record of the concern, the discussion and any outcome and keep a copy in the files of both/all pupils.
- If the concern/allegation indicates a potential criminal offence has taken place e.g. rape, assault by penetration, sexual assault, sexual violence or sexual harassment (regardless of the age of the alleged perpetrator(s)), the Police must be contacted at the earliest opportunity and parents

informed (of both the pupil being complained about and the alleged victim). See [‘When to call the Police’](#) for further guidance.

- The school will consider how best to keep victims and alleged perpetrators of sexual violence a reasonable distance apart while on school premises and, where relevant, on transport to and from school. While the facts are being investigated, the alleged perpetrator should be removed from any classes that they share with the victim. This is in the best interests of both children and should not be perceived to be a judgement on the guilt of the alleged perpetrator.
- It may be appropriate to exclude the pupil being complained about for a period of time according to the school’s Behaviour Policy and procedures.
- Where a criminal investigation into sexual assault leads to a conviction or caution, we will consider any additional sanctions in light of our Whole School Behaviour Policy including consideration of permanent exclusion. In any action we take, the nature of the conviction or caution and wishes of the victim will be taken into account.
- Both the immediate and future needs of the victim, the alleged perpetrator and any other children involved/affected will be assessed and, where necessary appropriate plans and strategies put in place.
- Where neither the Safeguarding Hub nor the Police accept the complaint, a thorough school investigation should take place into the matter using the School’s usual disciplinary procedures.
- In situations where the school considers a child protection risk is present, a risk assessment should be prepared along with a preventative, supervision plan.
- The plan should be monitored, and a date set for a follow-up evaluation with everyone concerned.

## Whistleblowing

Staff must acknowledge their individual responsibility to bring matters of concern to the attention of senior management and/or relevant agencies. Although this can be difficult this is particularly important where the welfare of children may be at risk.

Adults working in the school may be the first to recognise that something is wrong but may not feel able to express their concerns out of a feeling that this would be disloyal to colleagues or for fear of harassment or victimisation. These feelings, however natural, must never result in a child or young person continuing to be unnecessarily at risk. Staff must remember that it is often the most vulnerable child who is targeted. These children need adults they can trust to safeguard their welfare.

### ***DON'T THINK WHAT IF I'M WRONG - THINK WHAT IF I'M RIGHT!***

#### **Reasons for whistle blowing:**

- Each individual has a responsibility for raising concerns about unacceptable practice or behaviour.
- To prevent the problem worsening or widening.
- To protect or reduce risks to others.
- To prevent becoming implicated yourself.

#### **What stops people from whistle blowing?**

- Fear of starting a chain of events which spirals out of control.
- Disrupting the work or project.
- Fear of getting it wrong.
- Fear of repercussions or damaging careers.
- Fear of not being believed.

#### **How to raise a concern:**

- Voice concerns, suspicions or uneasiness as soon as possible. The earlier a concern is expressed the easier and sooner action can be taken.
- Try to pinpoint exactly what practice is causing concern and why.
- Approach the Headteacher/Deputy Designated Safeguarding Lead, **Sue Frost** or Deputy Head, Richard Bishop.
- If the concern is related to the Head teacher, the Chair of Governors should be contacted or, if it is felt that the issue needs to be reported to someone outside the school, contact Cumbria Safeguarding Hub.
- Staff should ensure they get a satisfactory response - don't let matters rest. If a staff member feels their genuine concerns are not being addressed, the issue should be referred to the Cumbria Safeguarding Hub.
- Ideally, concerns should be put in writing, outlining the background and history, giving names, dates and places wherever possible.
- **A member of staff is not expected to prove the truth of an allegation but will need to demonstrate sufficient grounds for the concern.**

### **What happens next?**

- The individual reporting the concerns will be given information on the nature and progress of any enquiries.
- The employer has a responsibility to protect individual members of staff from harassment or victimisation.
- No action will be taken against an individual if the concern proves to be unsubstantiated, unfounded or false and was raised in good faith.
- Malicious allegations may be considered as a disciplinary offence. The DO and case manager should consider whether the child and/or the person who made the allegation is in need of help of may have been abused by someone else.

### **Self-reporting:**

There may be occasions where a member of staff has a personal difficulty, perhaps a physical or mental health problem, which they know to be impinging on their professional competence. Staff have a responsibility to discuss such a situation with their line manager so professional and personal support can be offered to the member of staff concerned. Whilst such reporting will remain confidential in most instances, this cannot be guaranteed where personal difficulties raise concerns about the welfare or safety of children.

### **Further advice and support:**

It is recognised that whistle blowing can be difficult and stressful. Advice and support is available from senior managers, HR provider and/or your professional or trade union.

*"Absolutely without fail - challenge poor practice or performance. If you ignore or collude with poor practice it makes it harder to sound the alarm when things go wrong"* (reproduced with acknowledgement to "Sounding the Alarm" – Barnardos).

For Community and Voluntary Controlled Schools in Cumbria, reference should also be made to any advice on whistle blowing (school based staff) issued by Cumbria County Council.

## **Medicines**

### **Staff Taking Medicines/Other Substances**

Persons working with children must not be under the influence of alcohol or any other substance which may affect their ability to care for them. Medical advice will be sought if there are likely to be side effects which will impair the individual's ability to work safely with children. Staff medicine on the premises will be securely stored, and kept out of reach of children, at all times.

## **Supporting Pupils with Medical Conditions**

We have, and implement, a Policy on Supporting Pupils with Medical Conditions. This includes systems for obtaining information about a child's medical needs and for keeping this information up-to-date. Training is provided for staff where the administration of medicine requires medical or technical knowledge. Medicines will not usually be administered unless they have been prescribed for a child by a GP, dentist, nurse or pharmacist (medicines containing aspirin will only be given if prescribed by a GP).

Medicine (both prescription and non-prescription) will only be administered to a child where written permission for that particular medicine has been obtained from the child's parent. We keep a written record each time a medicine is administered to a child, and, in the case of general pain-relief, where prior consent has been obtained, inform the child's parents on the same day, or as soon as reasonably practicable.

## **Working with other Agencies**

The School recognises and is committed to its responsibility to work with other professionals and agencies both to ensure children's needs are met and to protect them from harm. We will endeavour to identify those children and families who may benefit from the intervention and support of external professionals and will seek to enable referrals (in discussion with parents) as appropriate. Information on the Early Help/ Assessment process is available via the Cumbria SCB website.

Schools are not the investigating agency when there are child protection concerns and thus, the school will pass all relevant cases to the statutory agencies, which we will support in undertaking their roles. Staff should understand that alongside this, the school may have a crucial role in supporting the child whilst investigations and assessments take place.

The School recognises the importance of multi-agency working and will ensure that staff are enabled to attend relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, and Early Help/ Team around the Family or Team around the Child meetings.

We will also work with local partners, families and communities in our efforts to ensure our school understands and embraces our local context and values in challenging extremist views and to assist in the broadening of our pupil's experiences and horizons. We will help support pupils who may be vulnerable to such influences as part of our wider safeguarding responsibilities offering support and assistance from external agencies where required.

The School Leadership Team and Designated Safeguarding Lead will work to establish strong and co-operative relationships with relevant professionals in other agencies.

## **Partnership with Parents**

The school shares a purpose with parents to educate, keep children safe from harm and to have their welfare promoted. We are committed to working with parents positively, openly and honestly.

We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to protect a child.

The school will, in most circumstances, endeavour to discuss all concerns about their children with parents. There may, however, be exceptional circumstances when the school will discuss concerns with Children's Social Care and/or the Police without parental knowledge. The school will, of course, always aim to maintain a positive relationship with all parents. This Child Protection Policy and procedures is available on request.

## Professional Confidentiality and Information Sharing

Safeguarding and child protection information is confidential and personal. Other than the agreed communication lines in school, it is for the Designated Safeguarding Lead(s) to decide what information needs to be shared, with whom, how and when, and whether consent needs to be gained for this process. If in any doubt, the DSL can seek advice from Cumbria Safeguarding Hub (0333 240 1727). Further guidance on Information Sharing can be found in the [DfE 'Information Sharing – Guidance for Safeguarding Practitioners' March 2015](#) and the 'Flowchart of When and How to Share Information' from the same document held at Appendix E.

If a member of staff needs to seek advice about a safeguarding situation for a child independently for the purposes of keeping a child safe (specifically with the Children's Services Safeguarding Team), it is appropriate for the detail to be discussed, although the staff member may choose to maintain the anonymity of the child whilst initial consultation takes place.

All staff are made aware that they cannot keep 'secrets' and absolute confidentiality with children, and that if a child discloses abuse or gives information that suggests they may be at risk, this MUST be passed on to the Designated Safeguarding Lead/ Deputy DSL as soon as possible. The child should be told who their disclosure will be shared with and what will happen next.

## Supervision and Support

Any member of staff affected by issues arising from concerns for a child's welfare or safety can seek support from the DSL.

All newly qualified teachers and classroom assistants have a mentor or co-ordinator with whom they can discuss concerns including the area of child protection, however, all concerns MUST be reported to the DSL without delay.

The DSL/ Deputy can put staff and parents in touch with outside agencies for professional support if they so wish.

We will put appropriate arrangements in place for the supervision of staff who have contact with children and families. Effective supervision provides support, coaching and training for the staff member/volunteer and promotes the interests of children. Our Supervision arrangements foster a culture of mutual support, teamwork and continuous improvement which encourages the confidential discussion of sensitive issues.

The key functions of supervision are:

### ***Performance management***

- Ensure that performance and practice, including safeguarding, is competent, accountable and soundly based in research and practice knowledge.
- Ensure that safeguarding children practice is consistent with the Cumbria Safeguarding Children Partnership procedures and organisational procedures.
- Ensure that practitioners fully understand their roles, and responsibilities and the scope of their professional discretion and authority.
- To provide reflective space to analyse ongoing work and specific incidents, to assess risk and need and to provide an important check and balance on decision making and planning.

### ***Professional development***

- Ensure that professional development needs, including safeguarding practice are considered and supported.

### ***Personal support***

- To provide reflective space for the supervisee to discuss and work through the personal impact of their role and responsibilities. This should include support to address the emotional impact of the

work where required.

Good supervision involves a balance between all three elements, not always within one session, but certainly over the entire supervision process.

## Online safety

The use of new technologies presents challenges and risks to children both inside and outside of school and technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation; online hoaxes and challenges – technology often provides the platform that facilitates harm.

The School will ensure a comprehensive curriculum response to enable all pupils to learn about and manage the associated risks effectively and will support parents and the school community (including all members of staff) to become aware and alert to the needs of keeping children safe online. Reference will be made to the DfE advice [Teaching online safety in schools](#). Detailed information can be found in the school's Online Safety Policy and procedures.

Children and young people can be exploited and suffer bullying through their use of technology e.g. the internet, mobile phones and social networking sites. To minimise the risks to our children we will ensure that we have appropriate and reasonable security filters and monitoring systems in place. These filters and systems will, in part, be informed by the risk assessment required by the 'Prevent Duty'.

Where it is suspected that a child is at risk from internet abuse e.g. being subjected to harmful online interaction with other users, peer pressure, commercial advertising such as online gambling and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes, we will report our concerns to the appropriate agency.

Staff are particularly aware of the professional risks associated with the use of electronic communication (email; mobile phones; texting; social network sites) and must familiarise themselves with advice and professional expectations outlined in the school Code of Conduct for staff and other adults and the school's Online Safety Acceptable Use Agreement.

When using digital images, staff will inform and educate pupils about the risks associated with the taking, use, sharing, publication and distribution of images. Pupils will be taught to recognise the risks attached to publishing their own images on the internet e.g. on social networking sites. Staff are permitted to take digital/video images to support educational aims but must follow the school Policy and procedures in relation to the production, sharing, distribution and publication of those images.

## Complaints

The school has a **Complaints Procedure** available to parents, pupils and staff who wish to report concerns. This is published on the school website.

All reported complaints/concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific **Procedures for Managing Allegations against Staff or Volunteers**.

## Safer recruitment, selection, pre-employment vetting and ongoing vigilance

The School aims to create a culture of safe recruitment and, as part of that, adopt recruitment procedures that help deter, reject or identify people who might abuse or be a risk to the safety or welfare of children. The Governing Body will act reasonably in making decisions about the suitability of prospective employees, supply staff, volunteers and contractors based on checks and evidence

including: criminal record checks (DBS checks), barred list checks, Childcare Disqualification declaration (where relevant) and, in the case of teaching staff, prohibition checks together with references and interview information.

The Governing Body and School Leadership Team are responsible for ensuring that the school follows safe recruitment processes outlined within the DfE document '[Keeping Children Safe in Education](#)' and in the school Safer Recruitment, Selection and Pre-Employment Vetting Policy and procedures, including accurate maintenance of the Single Central Record; and an application, vetting and recruitment process which places safeguarding at its centre, regardless of employee or voluntary role.

We will ensure that we have processes in place for continuous vigilance, maintaining an environment that deters and prevents abuse and challenges inappropriate behaviour so that staff feel comfortable to discuss matters both within and outside of the workplace which may have implications for the safeguarding of children.

The Governing Body will ensure that at least one person on any appointment panel has undertaken safer recruitment training and that the training is updated as necessary.

▪ **Childcare Act 2006/Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendments) Regulations 2018**

The above legislation applies mainly to primary schools and those settings with early years pupils. However, as a basic principle, Governors and senior leaders recognise that we must endeavour to ensure that we create a culture and environment where staff feel comfortable, where it is appropriate, to discuss matters outside of work, which may have implications for the safeguarding of children in the workplace.

The Governors and senior leaders would expect staff to discuss with them any situation where their relationships and associations both within and outside of the workplace (including online) may have implications for the safeguarding of children in school.

These discussions can assist Governors and senior leaders in safeguarding their employees' welfare and contribute to their duty of care towards their staff. Where appropriate, it will help managers identify whether arrangements are needed to support these staff. These discussions can also help with the management of children's safety, providing information that will help them consider whether there are measures that need to be put in place to safeguard children (e.g. by putting arrangements in place to stop or restrict a person known to or living with a member of staff coming into school where a potential risk to children has been identified).

The legislation places separate and additional requirements on schools. At the point that an individual is convicted of, or cautioned for, a criminal offence of a specified type or category, or where they meet other disqualification criteria set out in the Regulations, the Act and Regulations disqualify staff from:

- providing early years childcare or later years childcare to children who have not attained the age of eight; or
- being directly concerned in the management of that childcare.

To ensure that those working in our School are not disqualified from working with the relevant pupils, the Governing Body require that, prior to appointment, an individual completes a self-declaration form.

Further information can be found in the school Safer Recruitment policy.

### **Referral to the Disclosure and Barring Service (DBS)**

The role of the DBS is to help prevent unsuitable people from working with children and vulnerable adults.

Schools have a legal duty to make a referral to the DBS where they remove an individual from regulated activity (or would have removed an individual had they not left) and they believe the individual has:

- engaged in relevant conduct in relation to children and/or adults;
- satisfied the harm test<sup>1</sup> in relation to children and/or vulnerable adults; or
- has received a caution or conviction for a relevant offence.

Referrals will be made as soon as possible when an individual is removed from regulated activity. [How to refer to the DBS](#). The legal duty to refer applies equally in circumstances where an individual is redeployed to another area of work that is not regulated activity, they are suspended, dismissed or when they have resigned.

The advice of the DO can also be sought if there is uncertainty as to whether a referral should be made or for example there are concerns about the staff member's conduct outside work which may raise concerns about their suitability to work with children. Further guidance can be found on the Cumbria SCP website [How to refer a child](#) or [Allegations against staff/DO](#).

## **The use of school premises by other organisations**

Where services or activities are provided separately by another body using the school premises, the Head teacher and Governing Body will seek assurance that the organisation concerned has appropriate Policies and procedures in place with regard to safeguarding children and child protection and that other organisations/bodies have ensured that relevant safeguarding checks have been made in respect of staff and volunteers. We will also ensure that safeguarding requirements are included in any lease or hire agreement as a condition of use and occupation of the premises.

The Governors/Head teacher will take appropriate action to ensure that the school is not hired out or otherwise let to external agencies that use the premises to deliver messages of, or support for, extremism or radicalisation.

If assurance is not achieved, an application to use premises may be refused.

## **Safety and suitability of premises, environment and equipment**

We will ensure that our premises are fit for purpose and suitable for the age of children cared for and the activities provided on the premises. Spaces, furniture, equipment and toys, must be safe for children to use and premises must be secure. We have, and implement, a Health and Safety Policy and procedures, which include identifying, reporting and dealing with accidents, hazards and faulty equipment.

All reasonable steps are taken to ensure staff, children and others affected by what we do are not exposed to risks and are able to demonstrate how we are managing risks. Risk Assessments inform staff practice and demonstrate how we are managing risks.

We will only release children into the care of individuals who have been notified to us by the parent and will ensure that children do not leave the premises unsupervised. We will take all reasonable steps to prevent unauthorised persons entering the premises and have an agreed procedure for checking the identity of visitors. Visitors are expected to sign in and out via the office visitor's log and to display a visitor badge whilst on school site. Any individual who is not known or identifiable should be challenged for clarification and reassurance.

The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site. Please

---

<sup>1</sup> The harm test is explained on the Disclosure and Barring service website on GOV.UK

refer to the DfES (now DfE) document '[A Legal Toolkit for Schools](#)' and DfE non-statutory guidance '[Controlling access to school premises](#)'.

## **Summary**

All staff will follow the procedures set out by Cumbria Safeguarding Children Partnership (SCP) – Cumbria's [Multi-agency Thresholds Guidance](#) and take account of guidance issued by the Department for Education to promote the well-being and safeguarding of our pupils. These procedures and guidance have been revised to take account of the statutory guidance '[Working Together to Safeguard Children](#)'.

## **Monitoring and review**

Safeguarding including child protection is to be a regular agenda item at full Governors' meetings; Sub-Committee meetings and staff meetings giving the Designated Safeguarding Lead the opportunity to update on staff/Governor training and any other relevant issues or changes.

# CHILD DISCLOSURE/CONCERN RECORD

## ASHFIELD JUNIOR SCHOOL

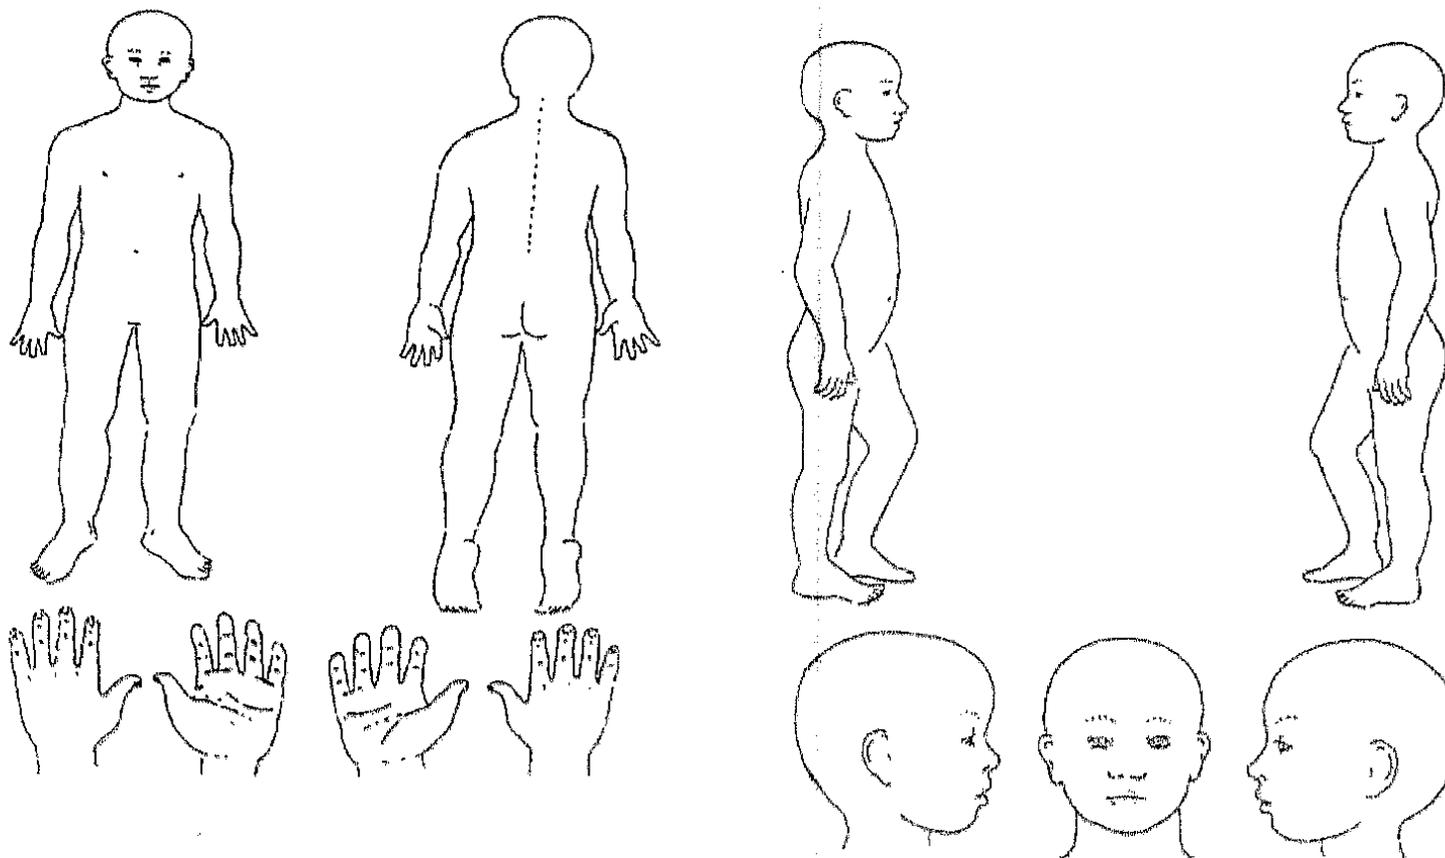

### **PART 1**

*Child Disclosure/Concern Record (to be written ASAP after not during your conversation with the child)*

Child's Name		Class		DOB	/ /	Gender	M / F
Date (of writing this record)	/ /	Time (of writing this record)	am / pm				
Name of Person completing this form							
Print Name:							
Signature							
Job Title:							
Note the reason(s) for recording the incident							
Record the following <b>factually</b> :	<i>Who?; What (if recording a verbal disclosure by a child, use their words)?; Where?; When (date &amp; time of incident)?; Any witnesses?</i>						
Body Map Completed? (Please attach)	YES			NO			
Note Actions, including Names of anyone to whom your information was passed:							
Any other relevant, factual information:							
Check to make sure your report is clear now – and will also be clear to someone else reading it in the future.							
PLEASE PASS THIS FORM TO YOUR DESIGNATED SAFEGUARDING LEAD.							
<i>(Designated Safeguarding Lead to complete Part 2 overleaf)</i>							

# BODY MAP

To be used (where appropriate) with Child Disclosure/Concern Record

Name of Child:

Description of Injury:

Cause of Injury:

Practitioner/Childminder's Signature:

Date:

/ /

Parent's Signature:

Date:

/ /

**PART 2**

*For use by the Designated Safeguarding Lead (DSL) - or in the absence of the DSL, another senior member of staff*

**Time and Date information received by DSL, and from whom:**

**Any advice sought by DSL e.g. contact with Cumbria Safeguarding Hub or other Agency.**

*(Include details of date, time, name, role, organisation and advice given)*

**Action Taken**

*(e.g. contact to Children's Services on Cumbria Safeguarding Hub Number; Single Point of Contact On-line Form completed; monitoring advice given to appropriate staff)*

**If decision not to refer, justify reason.**

*Note time, date, names, who information shared with and when etc.*

**Parent's informed**

**Yes / No**

**and reasons.**

**Where can additional information regarding the child / incident be found?** *(e.g. pupils file, serious incident book)*

**SIGNED:**

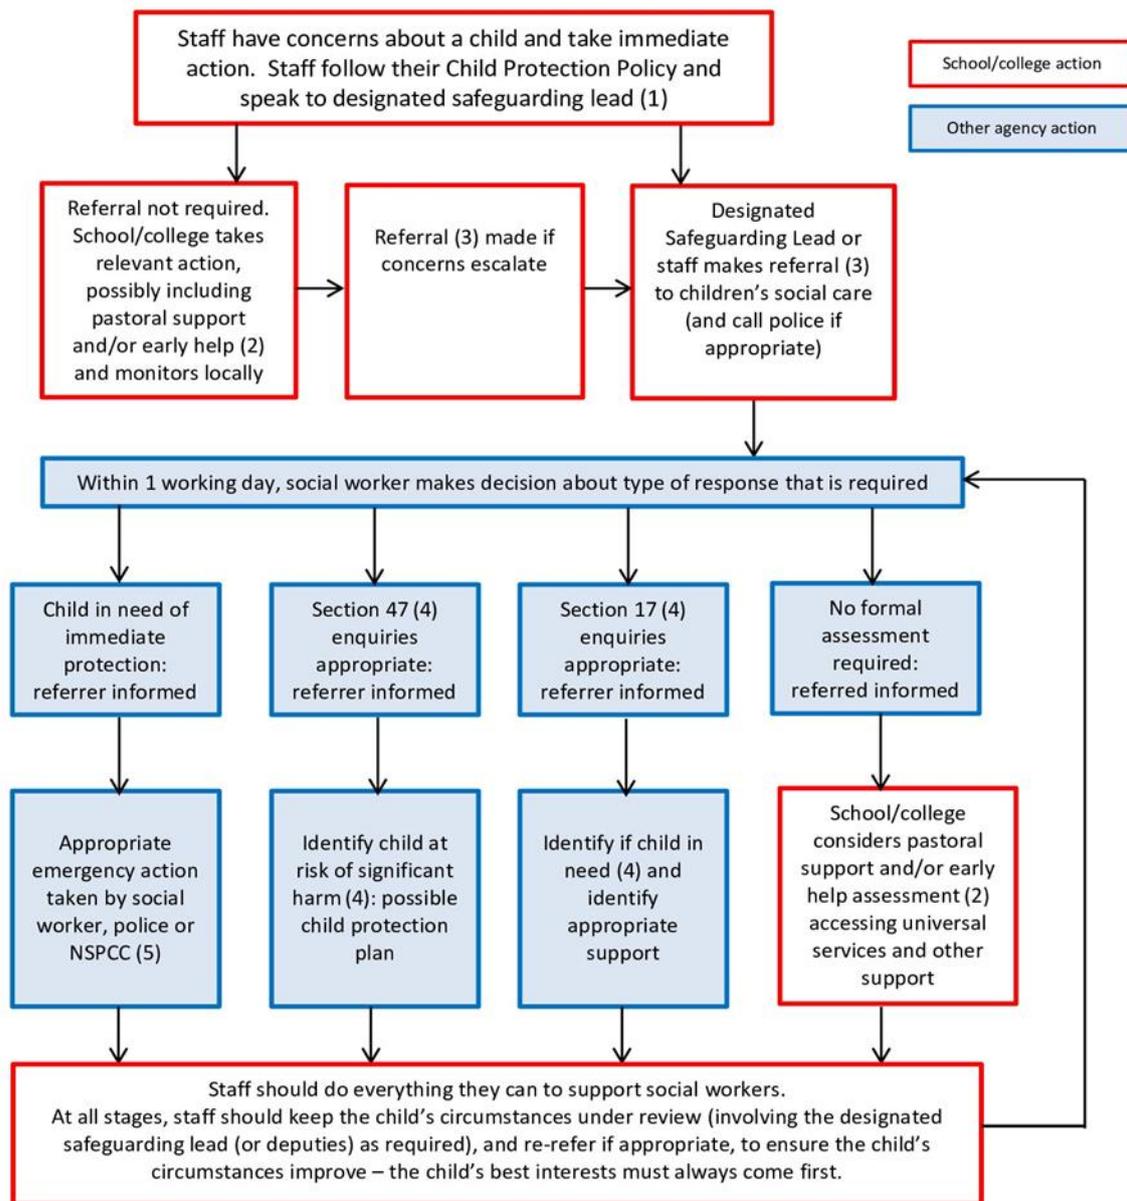

**PRINT NAME:**

**DATE:**

**For completion in the future**

*Record names of individuals/agencies who have given you information regarding outcome of any referral (if made).*

# Actions where there are concerns about a child

1. In cases which also involve a concern or an allegation of abuse against a staff member, please refer to school Child Protection Policy and procedures and Part Four of [Keeping Children Safe in Education](#).
2. Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter One of 'Working Together to Safeguard Children, 2018' provides detailed guidance on the early help process.
3. Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter One of 'Working Together to Safeguard Children, 2018'
4. Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter One of 'Working Together to Safeguard Children'.
5. This could include applying for an Emergency Protection Order (EPO).

## Summary of Allegations Management Procedures

### Concern about a member of staff or a volunteer working with children

If a professional receives an allegation or has a concern about the behaviour of a member of staff working or volunteering with children and that concern could amount to:

- a) a member of staff or volunteer has behaved in a way that has harmed a child, or may have harmed a child;
- b) possibly committed a criminal offence against or related to a child; or
- c) behaved towards a child or children in a way that indicates they may pose a risk of harm to children.
- d) has behaved or may have behaved in a way that indicates they may not be suitable to work with children

Then that professional should:

### Report their concerns

Report to concern to the most senior person not implicated in the allegation.

### Completion of written record

Complete a written record of the nature of circumstances surrounding the concern, including any previous concerns. Include where the concern came from and brief details only.

### Seek advice before proceeding – initial discussion

Always contact the Local Authority Designated Officer (LADO) for advice prior to investigating the allegation. This is because it might meet the criminal threshold and so your investigation could interfere with a Police or Social Care investigation.

**Local Authority Designated Officer (LADO) – Tel: 03003 033892 or email: [lado@cumbria.gov.uk](mailto:lado@cumbria.gov.uk)**

The LADO will offer advice on any immediate action required and will assist with employment and safeguarding issues.

### Allegations Management Process

If, after your initial discussion with the LADO, it is agreed that the allegation meets the threshold, a Position of Trust referral should be submitted and will be recorded within the secure and confidential LADO system (LCS). A multi agency meeting may be convened, and a representative from the employing agency will be invited.

### Further action

Further meetings may be required and these will be convened by the LADO, with your input at all times. Further information on the Allegations Management Process can be found in the Government document: Working Together to Safeguard Children 2018 Keeping Children Safe in Education 2020

[cumbrialscb.proceduresonline.com/files/alleg\\_manage\\_fc.pdf](http://cumbrialscb.proceduresonline.com/files/alleg_manage_fc.pdf)

# FLOWCHART OF WHEN AND HOW TO SHARE INFORMATION
