

Cumbria Primary Ski Course 2024

April 2023

Dear Parents/Carers,

As you may know, schools in Cumbria have participated in ski trips for primary aged children for many years. We are delighted to announce that the trip will be running again in 2024. The trip will be organized by a team of head teachers, led this year again by Phil Cooper, Head Teacher of Brough Community Primary School. It is open to all current year four and five children, entering year five and six next year, in state schools and academies encompassing the unitary authorities of Cumberland and Westmorland and Furness.

The trip leaders are all passionate about skiing and have significant experience in organizing and leading residential trips for children. For 2024 we are pleased to be returning to the Italian resort of Artesina. The ski resort is located in the heart of the Maritime Alps, in the Piemonte province of Cuneo. The Mondolè Ski Complex consists of both the resorts of Artesina and Prato Nevoso. There are more than 100 Km of well-kept, first-class pistes and an ever-modernising ski-lift system. The resort sits at an elevation of 1300m and rises to over 2000m. It has a good snow record and is backed up with modern snow-making facilities. For beginners, we have extensively researched then secured a hotel with ski-in-ski-out access and a beginner's slope and moving-carpet ski lift, right outside the door of the hotel. Surrounding slopes provide an array of interconnecting runs, suitable for developing skiers. With their instructor, the more advanced skiers have the opportunity to explore Artesina and its interconnected resort, Prato Nevoso, even skiing black runs!

Accommodation:

We will return to 3*** Hotel Marguareis. As mentioned, it has an ideal location, with the ski school meeting point a few steps from the entrance. The hotel provides a very high standard of accommodation and as we will be filling it, we will maintain exclusive access, allowing for excellent security and safeguarding of the children. The bedrooms are of a good size and all are en-suite. **For Health & Safety reasons and to ensure we are all in the same hotel, numbers are limited to 120.**

The following items are **not** included in the price and should be budgeted for by parents:

All pupils will need their own valid passport and GHIC card for the visit. Please be aware that in some cases your child may be the only one attending from their school and there may not be a member of staff from your child's school present. The trip is staffed by very experienced head teachers, teachers, teaching assistants and other staff, who are all good skiers. We allocate staff places based on skiing and residential experience, the number of children attending from a particular school and the number of new staff we can mentor each year.

Booking your child's place:

In 2023 many parents of current year 5 pupils elected to defer their place to this year's trip. They will be offered first places on the trip. Following this, the trip will be opened up to all pupils currently in years 4 and 5. Successful applicants will be informed then initial deposits will need to be paid by a strict deadline. A waiting list will be maintained of all pupils who did not gain a place on the trip and offered in chronological order of booking, if subsequent places become available.

Parents can fill in their expression of interest using the following link or by scanning the QR code above:

This letter has been distributed with the consent of your school's head teacher. It is imperative that we keep them informed of any reservations. To that effect, please can you use the following contact email address in the field required, on the Google form:

School main contact email: asibbald@ashfield-jun.cumbria.sch.uk

If this has not been provided by your school, please can you contact them to request an appropriate email address. We will not accept completed forms without this information. Please fill the form in again if completing it for more than one child in your family. Can we also request that you do not share the link to the Google form with parents from other schools. Distribution of this letter is down to head teachers and not all schools will choose to send it out.

Once a place has been secured an initial deposit needs to be paid. Please note that deposit and all other payment deadlines are finite and failure to meet these deadlines may result in you losing your child's place on the trip. You will be kept up-to-date with regular updates on the trip. All parents and pupils will also be invited to an orientation meeting in the autumn term, prior to the trip. A final note: the trip is organized by myself and other volunteers. We do this using our own time, outside of busy careers, because we love the opportunity this gives to the children of Cumbria. Whilst we try to be as prompt as we can with replies to emails, other things often do take priority. Also, the trip only runs smoothly when parents make payments and fill in forms promptly. Please only sign your child up to the trip if you are certain that you will be able to comply with these deadlines.

If you require further information or clarification of any of the trip details, please get in touch using the details below:
