Freedom of Information

Guide to information available from Ashfield Junior School under the model publication scheme

We referred to the Information Commissioner's Office (ICO) 'Freedom of Information Act 2000: Definition document for the governing bodies of maintained and other state-funded schools in England under the model publication scheme' (v4.0) to produce this guide for the public about what the ICO expects us to publish to meet our public duties. It includes applicable datasets. For more information about the FOIA guidance we follow, please also see <https://ico.org.uk/for-organisations/guide-to-freedom-of-information/publication-scheme/>.

This guide covers only information we currently hold. If we do not hold some of the information listed below, we will mark it as 'not held' in the table. When we publish information online, find it by clicking on the links in the table. When you can get a hard copy, the table explains how i.e., where to get one or who to contact. Some information like certain lists, registers, and logs may only be available for inspection.
